

LOCAL AGENCY FORMATION COMMISSION OF ORANGE COUNTY

REGULAR MEETING AGENDA

**Wednesday, September 9, 2026
8:15 a.m.**

**County Administrative North (CAN)
First Floor Multipurpose Room 101**

400 W. Civic Center Drive, Santa Ana, CA 92701

Members of the public may access the audio/video live-streamed meeting at

<https://youtube.com/live/gjW9e3aLlul?feature=share>

Any member of the public may request to speak on any agenda item at the time the Commission is considering the item.

1. CALL THE MEETING TO ORDER

2. PLEDGE OF ALLEGIANCE

3. BOARD APPOINTMENTS

The Commission will receive a report on the recent appointments to the Commission, and the Oath of Office will be administered for the respective terms.

4. ROLL CALL

5. ANNOUNCEMENT OF SUPPLEMENTAL COMMUNICATION

(Communications received after agenda distribution for agendized items.)

6. PUBLIC COMMENT

This is an opportunity for members of the public to address the Commission on items not on the agenda, provided that the subject matter is within the jurisdiction of the Commission and that no action may be taken by the Commission on off-agenda items unless authorized by law.

7. CONSENT CALENDAR

a.) August 12 – Regular Commission Meeting Minutes

The Commission will consider approval of the August 12, 2026 meeting minutes.

8. PUBLIC HEARING

No public hearing items scheduled.

9. SPECIAL PRESENTATION

a.) Santa Margarita Water District Annexation of San Juan Capistrano's Water and Wastewater Utilities

The General Manager of the Santa Margarita Water District (SMWD) will provide an update on the collaborative effort involving LAFCO, the City of San Juan Capistrano, SMWD, the County, and the community that led to the successful annexation of the City's water and wastewater utilities to SMWD.

10. COMMISSION DISCUSSION AND ACTION

a.) Legislative Report (September 2026)

The Commission will receive an update on the status of previously reviewed legislation, the amicus brief, and recent activity by the Alliance of LAFCOs Legislative Committee.

b.) Orange County Water and Wastewater Service Providers

The Commission will receive a report on the agencies that provide water and wastewater services to Orange County residents.

c.) Post-MSR Survey

The Commission will receive a report on the Post-MSR Survey feedback from agencies that have recently participated in the MSR process during FY 2025-26.

11. COMMISSIONER COMMENTS

This is an opportunity for Commissioners to comment on issues not listed on the agenda, provided that the subject matter is within the jurisdiction of the Commission. No discussion or action may occur or be taken except to place the item on a future agenda if approved by the Commission majority.

12. EXECUTIVE OFFICER'S REPORT

Executive Officer's announcement of upcoming events and a brief report on activities of the Executive Officer since the last meeting.

13. INFORMATIONAL ITEMS & ANNOUNCEMENTS

No informational items or announcements.

14. CLOSED SESSION

No closed session items scheduled.

15. ADJOURNMENT OF REGULAR COMMISSION MEETING

The next Regular Commission Meeting will be held on Wednesday, October 14, 2026, at 8:15 a.m. at the County Administrative North (CAN), First Floor Multipurpose Room 101, 400 W. Civic Center Drive, Santa Ana, CA 92701.

PUBLIC PARTICIPATION:

The Local Agency Formation Commission of Orange County welcomes your participation. The public may share general comments or comments on agenda items through the following options:

- 1) **In-person** comments may be provided during the general comment period on off-agenda items and during the hearing of a specific agenda item. In accordance with the OC LAFCO guidelines, each speaker's comments may not exceed three (3) minutes for the respective item. If you have documents for the Commission, please bring 15 copies and submit to the Commission Clerk for distribution.
- 2) **Audio/Video Live Streaming:** The public may view and listen to the meeting live on YouTube using the link provided on the website homepage (www.oclafco.org). However, LAFCO cannot guarantee that the public's access will be uninterrupted, and technical difficulties may occur from time to time. The meeting will continue despite technical difficulties for participants using audio/video live streaming unless otherwise prohibited by State open meeting laws.
- 3) **Written** general comments or comments on specific agenda items may be submitted by email to the Commission Clerk at ccarter-benjamin@oclafco.org. Comments received no less than twenty-four (24) hours prior to the regular meeting will be distributed to the Commission and included in the record.

Pursuant to Government Code Section 54957.5, public records that relate to open session agenda items that are distributed to a majority of the Commission less than seventy-two (72) hours prior to the meeting will be made available to the public on the OC LAFCO website at www.oclafco.org.

"Pursuant to State law, a participant in an OC LAFCO proceeding who has a financial interest in a decision and who has made a campaign contribution of more than \$250 to any commissioner in the past year may be required to disclose the contribution. If you are affected, please notify the Commission's staff before the hearing in order to determine whether disclosure is warranted."

AMERICANS WITH DISABILITIES ACT (ADA)

All regular meeting agendas and associated reports are available at www.oclafco.org. Any person with a disability under the Americans with Disabilities Act (ADA) may receive a copy of the agenda or associated reports upon request. Any person with a disability covered under the ADA may also request a disability-related modification or accommodation, including auxiliary aids or services, to participate in a public meeting. Requests for copies of meeting documents and accommodations shall be made with OC LAFCO staff at (714) 640-5100 at least three business days prior to the respective meeting.

DRAFT MINUTES

OC LAFCO REGULAR MEETING

Wednesday, August 12, 2026
8:15 a.m.

County Administrative North (CAN)
First Floor Multipurpose Room 101
400 W. Civic Center Drive, Santa Ana, CA 92701

Members of the public may access the audio/video live-streamed meeting at:
<https://youtube.com/live/RE-6DEQvBZw?feature=share>

1. CALL TO ORDER

Chair Bucknum called the meeting of the Local Agency Formation Commission of Orange County (OC LAFCO) to order at 8:15 a.m.

2. PLEDGE OF ALLEGIANCE

Commissioner Davert led the Pledge of Allegiance.

3. BOARD APPOINTMENTS – COMMISSIONERS DAVERT, FRESHLEY, AND MCGREGOR

The Executive Officer noted the recent board appointments, and the Oaths of Office were administered for the new appointments by Commission Clerk Cheryl Carter-Benjamin.

4. ROLL CALL

The following Commissioners were present:

City Members

Wendy Bucknum **(Chair)**
Carol Moore **(Alt.)**

Special District Members

Douglass Davert
James Fisler **(Vice Chair)**
Kathryn Freshley **(Alt.)**

Public Members

Derek J. McGregor
Lou Penrose **(Alt.)**

The following staff members and general counsel were present:

- Executive Officer Luis Tapia
- Policy Analyst I Aimee Diaz
- Policy Analyst I Leo Lara
- Commission Clerk Cheryl Carter-Benjamin
- General Counsel Scott Smith

**5. ANNOUNCEMENT OF SUPPLEMENTAL COMMUNICATION
(Received After Agenda Distribution)**

The Commission Clerk noted that no supplemental communication was received.

6. PUBLIC COMMENT

Chair Bucknum requested public comments on any non-agenda items. The Commission Clerk noted that there were no requests to speak from the public.

Chair Bucknum closed the hearing of public comments.

7. CONSENT CALENDAR

Chair Bucknum called for requests to pull the consent calendar item for discussion. There were no requests from Commissioners, and the Commission Clerk noted that there were no requests from the public to speak on the item. **Chair Bucknum** called for a motion on the items. **Commissioner McGregor** moved to approve the consent calendar, and **Commissioner Davert** seconded the motion.

7a. – June 10 - Regular Commission Meeting Minutes

7b. – Local Agency Investment Fund (LAIF) Account Update

MOTION: Approve Consent Calendar. (Derek J. McGregor)
SECOND: Douglass Davert
FOR: Derek J. McGregor, Douglass Davert, James Fisler,
Carol Moore, Wendy Bucknum
AGAINST: None
ABSTAIN: None

MOTION PASSED: 5-0.

8. PUBLIC HEARING

8a. – Municipal Service Review and Sphere of Influence Reviews for North Region (MSR 25-08 and SOI 25-09)

Policy Analyst Aimee Diaz presented the staff report and noted that a 30-day public review and comment period was conducted for the North MSR Region Public Draft. Ms. Diaz noted that staff received comments from some of the affected agencies and the comments were incorporated into the MSR. Ms. Diaz introduced Mark Sawicki from RSG, Inc., who provided a presentation on the North MSR Region. Mr. Sawicki provided an overview of the MSR/SOI Reviews and staff recommendations for Commission consideration, and introduced Yutong Bo, Research Assistant, who was also available for any questions.

Chair Bucknum opened the public hearing. The Commission Clerk noted that there were no requests from the public to speak on the item. **Chair Bucknum** closed the public hearing.

Chair Bucknum called for Commission discussion on the item. **Commissioner Davert** shared his unique perspective as a Commissioner and staff member of the Yorba Linda Water District who participated in the MSR process. He noted the MSR process was efficient and easy to navigate. Commissioners made general comments and asked staff whether the MSRs were presented to public officials or if any agency had requested a presentation. Mr. Tapia noted that staff has not received a request for a presentation, but staff is available if an agency requests one. **Chair Bucknum** called for a motion on the item. **Commissioner Moore** motioned to approve the staff recommended actions, and **Commissioner Davert** seconded the motion.

MOTION: Receive and file the Municipal Service Review and Sphere of Influence Update for the North MSR Region; Approve OC LAFCO Resolution No. MSR 25-08 adopting the Municipal Service Review Statement of Determinations for the North MSR Region; Approve OC LAFCO Resolution No. SOI 25-09 adopting the Sphere of Influence Statement of Determinations and reconfirming the sphere of influence for the cities and special districts identified in the Resolution; and Approve the Notices of Exemption for MSR 25-08 and SOI 25-09. (Carol Moore)

SECOND: Douglass Davert

FOR: Carol Moore, Douglass Davert, James Fisler,
Derek J. McGregor, Wendy Bucknum

AGAINST: None

ABSTAIN: None

MOTION PASSED: 5-0.

9. COMMISSION DISCUSSION AND ACTION

9a. – Fiscal Year 2025-2026 Year-End Comprehensive Report

Executive Officer Luis Tapia presented the staff report and noted that it is a receive and file report.

Chair Bucknum called for Commission discussion and public comments. Commissioners made general comments, and the Commission Clerk noted that there were no public requests to speak on the item. **Chair Bucknum** noted this is a receive and file report and requires no action by the Commission.

9b. – Legislative Report (August 2026)

Policy Analyst Aimee Diaz presented the staff report and noted that it is a receive and file report.

Chair Bucknum called for Commission discussion and public comments. There was no Commission discussion, and the Commission Clerk noted that there were no public requests to speak on the item. **Chair Bucknum** noted this is a receive and file report and requires no action by the Commission.

9c. – OC LAFCO Office Lease Agreement Update

Executive Officer Luis Tapia presented the staff report and recommended action for Commission consideration.

Chair Bucknum called for Commission discussion on the item. Commissioners made general comments and asked clarifying questions, and the Commission Clerk noted that there were no public requests to speak on the item. **Chair Bucknum** called for a motion on the item. **Commissioner Davert** moved to approve the staff recommended actions, and **Commissioner McGregor** seconded the motion.

MOTION: Authorize the Executive Officer to negotiate a lease agreement with the Orange County Transportation Authority and present the agreement for Commission consideration during the October meeting. (Douglass Davert)

SECOND: Derek J. McGregor

FOR: Douglass Davert, Derek J. McGregor, James Fisler, Carol Moore, Wendy Bucknum

AGAINST: None

ABSTAIN: None

MOTION PASSED: 5-0.

10. COMMISSIONER COMMENTS

Commissioners made general comments.

11. EXECUTIVE OFFICER’S REPORT

The Executive Officer provided the following updates:

- Mr. Tapia noted that a 101 OC LAFCO presentation was provided to the Grand Jury.
- Mr. Tapia informed the Commission that Robert Grantham, General Manager of the Santa Margarita Water District (SMWD), will provide a presentation during the September meeting focused on the progress regarding the approved annexation of the San Juan Capistrano water and wastewater systems to SMWD.

12. INFORMATIONAL ITEMS & ANNOUNCEMENTS

No informational items or announcements.

13. CLOSED SESSION

The Commission adjourned to closed session at 8:59 a.m. on the following items:

a.) PUBLIC EMPLOYEE PERFORMANCE EVALUATION

Pursuant to Government Code section 54957

Title: Executive Officer

b.) CONFERENCE WITH LABOR NEGOTIATORS

Pursuant to Government Code Section 54957.6

Agency designated representative: Commission Chair Wendy Bucknum

Unrepresented employee: Executive Officer

The Commission reconvened in open session at 9:15 a.m. General Counsel Scott Smith noted that the Commission discussed the closed session items and direction from the Commission to the Chair, and counsel was provided with no reportable actions.

14. ADJOURNMENT OF THE REGULAR COMMISSION MEETING

Chair Bucknum adjourned the Regular Commission Meeting at 9:16 a.m. to September 9, 2026.

Discussion**TO:** Local Agency Formation Commission
of Orange County**FROM:** Executive Officer
Policy Analyst I**SUBJECT:** Legislative Report (September 2026)**DISCUSSION**

The Legislature entered its final recess following the deadline for both houses to pass bills on August 31, concluding the legislature's consideration of bills from the 2025-2026 legislative session. During the two-year session, approximately 4,243 bills were introduced. Bills approved by both houses have been enrolled and are now before the Governor, who has until September 30 to sign or veto the bills. Following the adjournment of the 2025-2026 session, the legislature will remain in recess before convening for the 2027-2028 legislative session on December 7, 2026.

Throughout the legislative session, staff participated in the Alliance of LAFCOs Legislative Committee to review, discuss, and monitor legislation of LAFCO interest. Staff will continue to monitor legislation through the Governor's September 30 deadline and participate in the Legislative Committee as the group prepares for the upcoming 2027-2028 legislative session. Accordingly, this report provides an update on previously reviewed legislation, the recent activity of the Alliance of LAFCOs Legislative Committee, and the Amicus Brief.

Update on Previously Reviewed Legislation

At the August meeting, the Commission received an update from staff on AB 1821 (Pacheco) – California Public Records Act and the Validating Acts SB 1440, 1441, and 1442 authored by the Senate Local Government Committee. At that time, staff reported that the Validating Acts had been enrolled and signed by the Governor. Since the August meeting, AB 1821 has been enrolled and is currently pending the Governor's review. A table with status updates on bills previously reviewed by the Commission is provided on the following page.

2026 Legislative Session – Bill Status			
Bill	Description	Adopted Positions	Status
AB 1821	AB 1821 would amend the California Public Records Act by modifying an agency's response timeline for public records requests from calendar days to business days, including the allowable extension timeline period.	Support	Enrolled to the Governor on August 27, 2026.
SB 1440 SB 1441 SB 1442	Annual Validating Acts are meant to retroactively fix typographical, grammatical, and procedural errors that might invalidate boundary changes or bond issues.	Support	Signed by the Governor on June 17, 2026.

Alliance of LAFCOs Legislative Committee

The Alliance of LAFCOs Legislative Committee met on August 24 to review the remainder of the 2025-2026 legislative session. Staff from the four participating LAFCOs and Chris Lee from Politico Group discussed bills of interest during the 2025-2026 legislative session, including cemeteries, disadvantaged communities, and water rate assistance programs. Staff and the Legislative Committee continued discussions regarding preparation for the 2027-2028 legislative session, including coordinating with Chris Lee on potential legislative topics of interest to LAFCO, including water, wastewater, LAFCO authority, and miscellaneous legislation that can impact LAFCOs. Staff will continue to participate in the Legislative Committee and provide the Commission with updates at future meetings.

Amicus Brief

At the August Commission meeting, staff provided the Commission with an update on OC LAFCO's continuous participation and monitoring of the amicus brief regarding the court case *Monterey Peninsula Water Management District v. Monterey LAFCO*. The amicus brief was submitted on July 24, 2026, by Bill Pellman of Nossaman LLP, on behalf of OC LAFCO and the other participating LAFCOs. Since the August meeting, staff received notice of the submittal of an additional Amicus Brief prepared by the Association of California Water Agencies (ACWA) and the California Special Districts Association (CSDA) supporting the court's ruling in favor of the Monterey Peninsula Water Management District.

Staff will continue to monitor the appellate proceedings and provide the Commission with updates at future meetings.

RECOMMENDED ACTION

This is a receive and file report and requires no action by the Commission.

Respectfully Submitted,

LUIS TAPIA

Providers**BACKGROUND**

During the June Commission meeting, Commissioners inquired about the agencies currently providing water services in the County. Commissioners asked staff to bring back an agenda item during a future meeting with information on the County's existing water service providers. In response, staff has compiled a report of the agencies in the County that provide water and wastewater services, including cities, special districts, regional agencies, and private water providers. The report includes agency profiles of each agency, providing information on its service area, governance structure, service provision, and the respective roles of local and regional service providers.

I. INTRODUCTION

In Orange County, cities, special districts, an investor-owned public utility company, mutual water companies, and a joint powers authority provide water and wastewater services to approximately 3.17 million residents living in the County's 34 cities and unincorporated areas. These agencies provide several services and serve different areas of the County. The purpose of this report is to provide a list of water and wastewater service providers in the County, including those agencies that are identified as regional service providers.

II. REGIONAL WATER PROVIDERS

A regional agency generally serves large portions of the County and provides services across multiple agencies. Three agencies that provide regional water services to Orange County include the Metropolitan Water District of Southern California, Municipal Water District of Orange County, and Orange County Water District. The agencies have an important role in Orange County's overall water supply system, serving multiple cities, special districts, and unincorporated areas. The following profiles provide information on each agency, including a brief history, the services the agency provides, and the agency's service area.

METROPOLITAN WATER DISTRICT OF SOUTHERN CALIFORNIA

The California Legislature established the Metropolitan Water District of Southern California (MWD) in 1928 under the Metropolitan Water District Act to build and operate the Colorado River Aqueduct and provide a regional water supply for Southern California. Today, MWD is a regional water wholesaler for 26 member agencies across six counties (Los Angeles, Orange, Riverside, San Bernardino, San Diego, and Ventura).

A 38-member Board of Directors governs MWD, representing its 26 member agencies. Each member agency is represented by one or more directors, with representation based on the assessed property valuation within the agency's jurisdiction. MWD provides wholesale water supplies to its member agencies, which the agencies distribute within their respective service areas. In Orange County, the Municipal Water District of Orange County (MWDOC), along with the cities of Anaheim, Fullerton, and Santa Ana, are MWD member agencies. MWDOC receives imported water from MWD and provides wholesale water to its member agencies. Anaheim, Fullerton, and Santa Ana are direct MWD members. These cities purchase water directly from MWD, which each city then delivers to residents and businesses within their respective service areas.

Agency Profile

Metropolitan Water District of Southern California	
Formation Date	1928
Principal Act	Metropolitan Water District Act
Address	700 N. Alameda Street, Los Angeles, CA 90012
Phone	(213) 217-6000
Website	www.mwdh2o.com
Governance	38-member Board of Directors representing 26 member agencies
Service Area	Approximately 5,200 square miles across six Southern California counties.
Population Served	Approximately 19 million people
Member Agencies	26
Services	Imported wholesale water supply, treatment, storage, and regional conveyance

Member Agencies

MWD provides imported wholesale water services to the following member agencies listed in the table below.

MWD Member Agencies

Other Agencies	
Inland Empire Utilities Agency	San Diego County Water Authority

MUNICIPAL WATER DISTRICT OF ORANGE COUNTY

The Municipal Water District of Orange County has a long history, originally formed as the Orange County Municipal Water District (OCMWD) in 1951 under the Municipal Water District Act of 1911 following the severe drought of the late 1940s. OCMWD was established to provide access to imported water supplies for areas of Orange County not served by cities with direct membership to MWD. In 1969, OCMWD changed its name to the Municipal Water District of Orange County (MWDOC), which later consolidated with the Coastal Municipal Water District in 2001 to form the regional water agency that serves most of Orange County today.

MWDOC is an independent special district that provides regional water supply services to its member agencies. MWDOC purchases imported water from MWD that is then delivered to the District's member agencies. In addition to providing imported water, MWDOC provides regional programs and services that support water supply reliability and conservation. MWDOC's service area encompasses approximately 600 square miles of Orange County and includes 27 member agencies consisting of 13 cities, 13 special districts, and Golden State Water Company, an investor-owned public utility company. MWDOC serves these member agencies through its regional water supply role, while the member agencies provide water services within their respective service areas.

Agency Profile

Municipal Water District of Orange County	
Formation Date	1951
Principal Act	Municipal Water District Act of 1911
Address	18700 Ward Street, Unit B, Fountain Valley, CA 92708
Phone	(714) 963-3058
Website	www.mwdoc.com
Governance	Seven-member Board of Directors elected by the public to four-year terms, each representing their respective division within Orange County.
Service Area	Approximately 600 square miles within Orange County.
Population Served	Approximately 2.4 million residents
Member Agencies	28 member agencies including: 14 cities, 13 special districts, and Golden State Water Company
Services	Imported wholesale water supply, regional resource-planning, water-use efficiency, and emergency preparedness

Member Agencies

MWDOC provides regional water supply services to the following member agencies listed in the table below. A map displaying the member agencies is provided on the following page.

Golden State Water Company				

ORANGE COUNTY WATER DISTRICT

Orange County Water District (OCWD) was established in 1933 by a special act of the California Legislature to protect Orange County's water rights to the Santa Ana River and manage the quality and quantity of water in the Orange County Groundwater Basin. Today, OCWD serves as the regional agency responsible for managing the groundwater basin in northern and central Orange County. Its responsibilities include managing and replenishing the groundwater basin, procuring water supplies for recharge, and establishing the amount of groundwater that producers may extract without triggering an additional assessment. Through these activities, OCWD supports the quality and reliability of the Orange County Groundwater Basin.

OCWD's role in managing the groundwater basin is closely connected to the local water suppliers that use groundwater to serve their customers. OCWD does not provide water directly to residents or businesses. Instead, its service area encompasses approximately 430 square miles and includes 19 member agencies (groundwater producers) consisting of 13 cities, 5 water districts, and Golden State Water Company, an investor-owned utility. The service area also includes small private well owners and mutual water companies. Member agencies operate wells and distribute groundwater directly to customers, while OCWD manages the basin's underlying groundwater resource. OCWD is governed by a ten-member Board of Directors, representing the District's ten divisions.

Agency Profile

Orange County Water District	
Formation Date	1933
Principal Act	Orange County Water District Act
Address	18700 Ward Street, Fountain Valley, CA 92708
Phone	(714) 378-3200
Website	www.ocwd.com
Governance	Ten-member Board of Directors, with seven members elected by division and three members appointed by the Cities of Anaheim, Fullerton, and Santa Ana.
Service Area	430 square miles, including 378 square miles of land and 52 square miles of ocean.
Population Served	Approximately 2.44 million
Groundwater Producers	19 member agencies, including: 13 cities, five water districts, and one investor-owned utility
Services	Manages, replenishes, and protects the Orange County Groundwater Basin.

Member Agencies

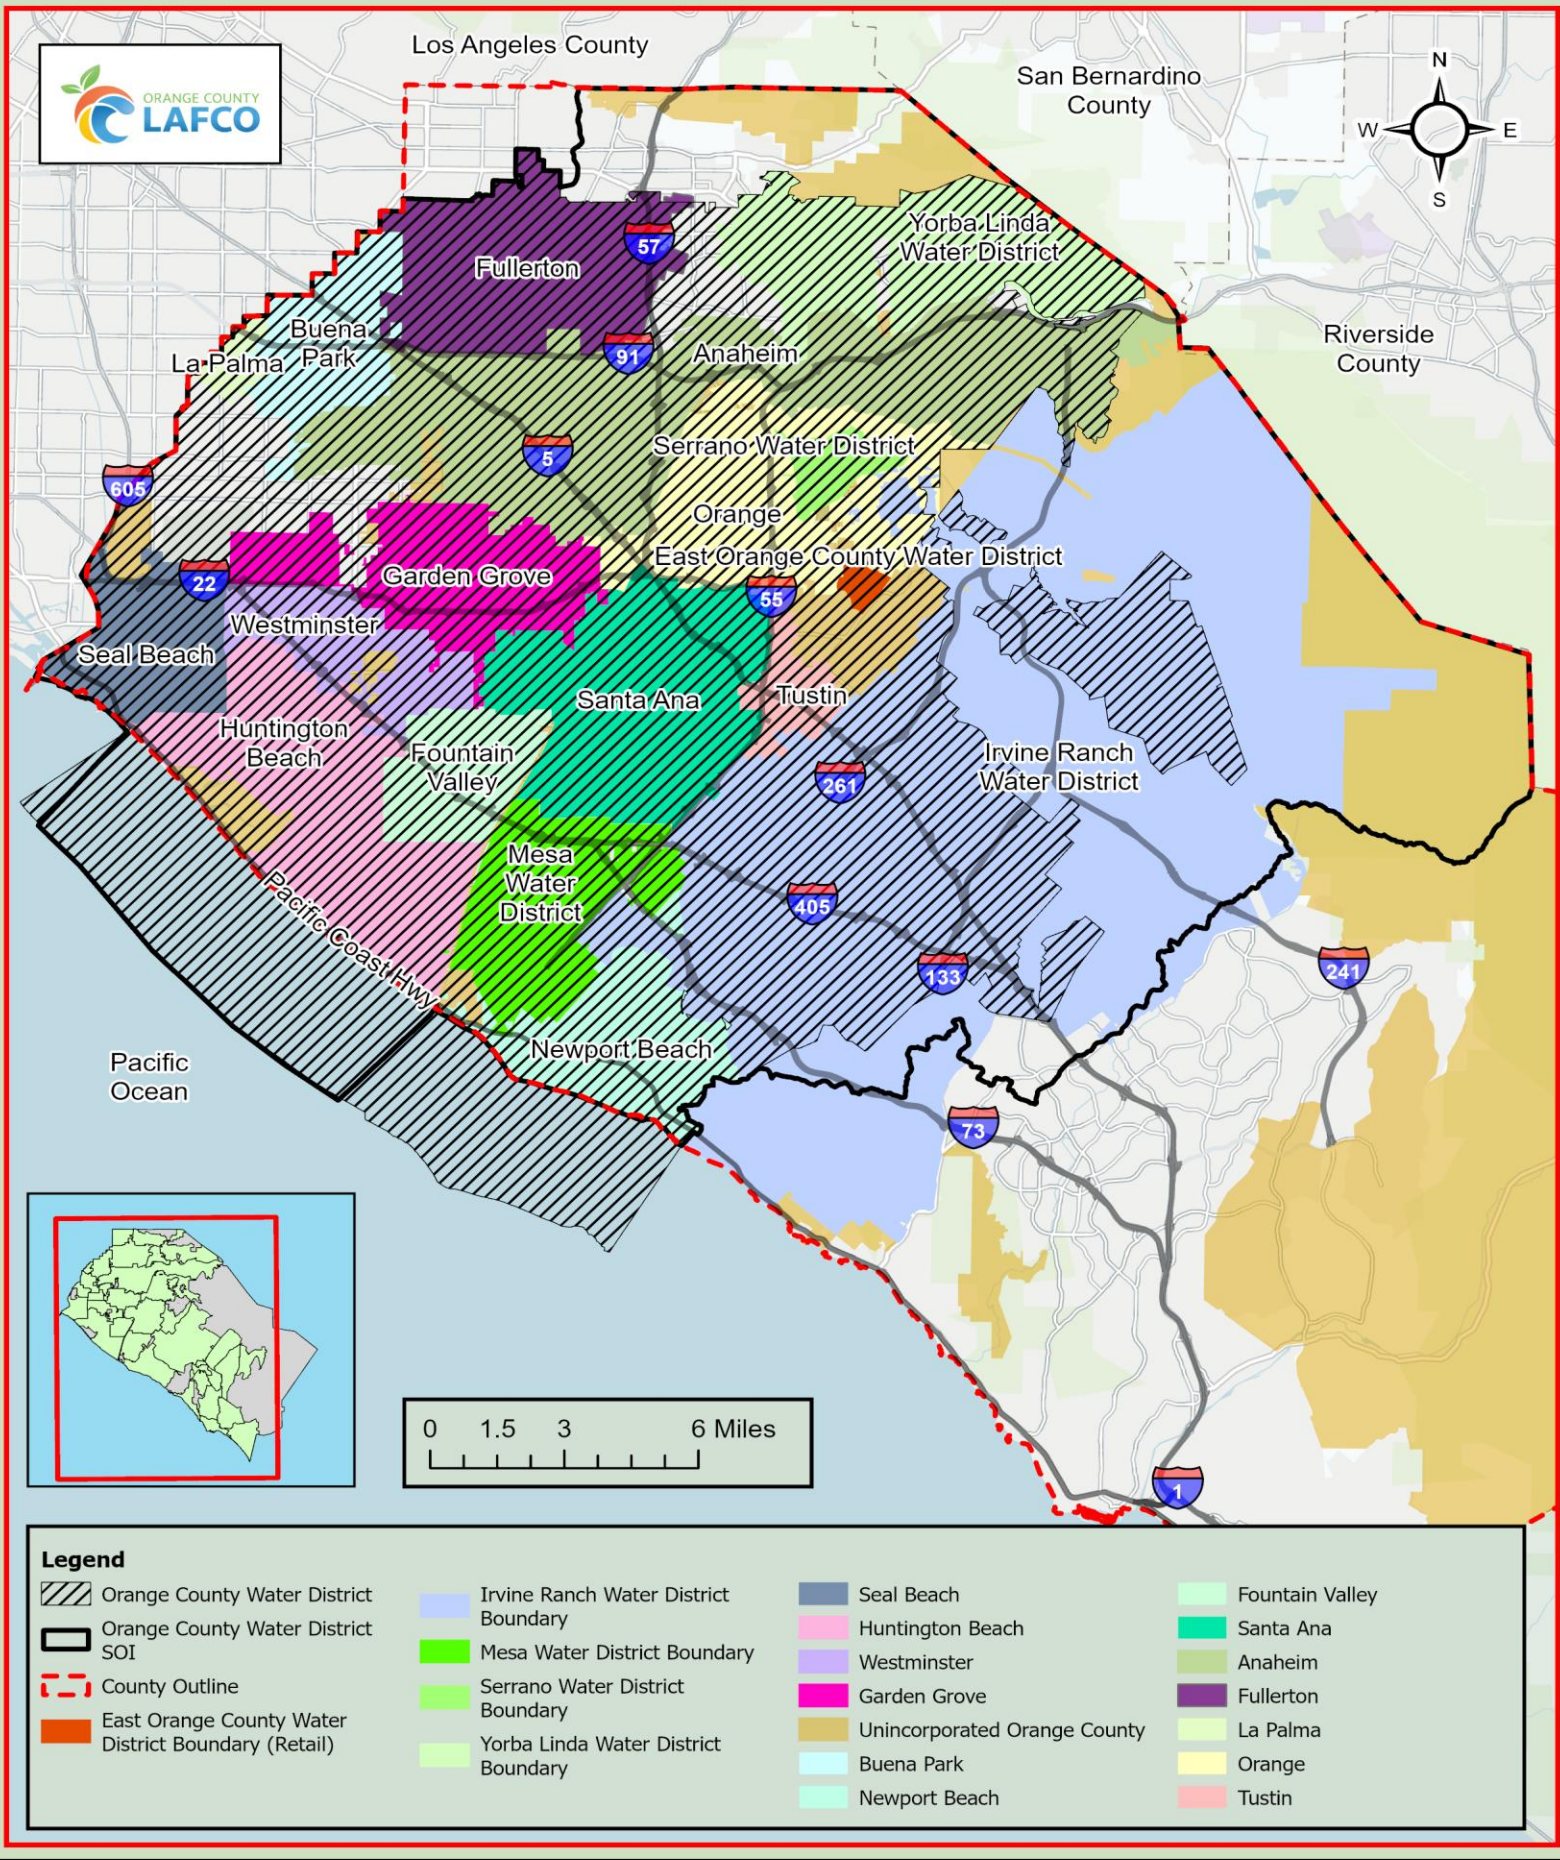

OCWD provides groundwater management services to the following member agencies listed in the table below. A map displaying the member agencies is provided on the following page.

Private Utilities Company				
Golden State Water Company				

III. REGIONAL WASTEWATER PROVIDERS

In Orange County, regional and local wastewater agencies provide wastewater services. In the northern and central portions of the County, the Orange County Sanitation District (OC San) provides regional wastewater collection, treatment, resource recovery, and recycling services to its member agencies. In the southern portion of the County, wastewater treatment is mostly provided through a combination of local agencies and regional partnerships, including the South Orange County Wastewater Authority (SOCWA). The following profiles describe the roles, services, and service areas of these regional wastewater providers and their relationships with the local agencies they serve.

ORANGE COUNTY SANITATION DISTRICT

The Orange County Sanitation District (OC San) dates back to 1946, when the Orange County Board of Supervisors commissioned the Orange County Sewerage Survey Report to address the county's growing wastewater infrastructure needs. Based on the report's recommendations, the County established the first three sanitation districts in 1947, followed by five additional districts in 1948 under the County Sanitation District Act of 1923. By 1954, seven of the eight sanitation districts were operating under a single administrative agency known as the County Sanitation District of Orange County. Although administered jointly, each district maintained its own board of directors and separate rate structure. To improve regional governance and administrative efficiency, OC LAFCO approved the consolidation of the sanitation districts in 1998, establishing the Orange County Sanitation District.

Today, OC San provides regional wastewater treatment, resource recovery, recycling, and disposal services throughout its service area. Member cities and districts generally provide local wastewater collection, which is conveyed to OC San's regional treatment facilities for treatment, disposal, and recycling. Through its partnership with OCWD, OC San also supports the Groundwater Replenishment System by providing highly treated wastewater for reuse, which is then used to replenish the Orange County Groundwater Basin. OC San serves approximately 2.6 million residents within a service area encompassing approximately 480 square miles. Its 24 member agencies consist of 20 cities and 4 special districts. OCWD's service area also includes several unincorporated areas of the County.

A 25-member Board of Directors, appointed by each member agency, governs the district; members include the Orange County Board of Supervisors, 20 member cities, and 4-member special districts. Each appointing agency confirms Board appointments annually.

Agency Profile

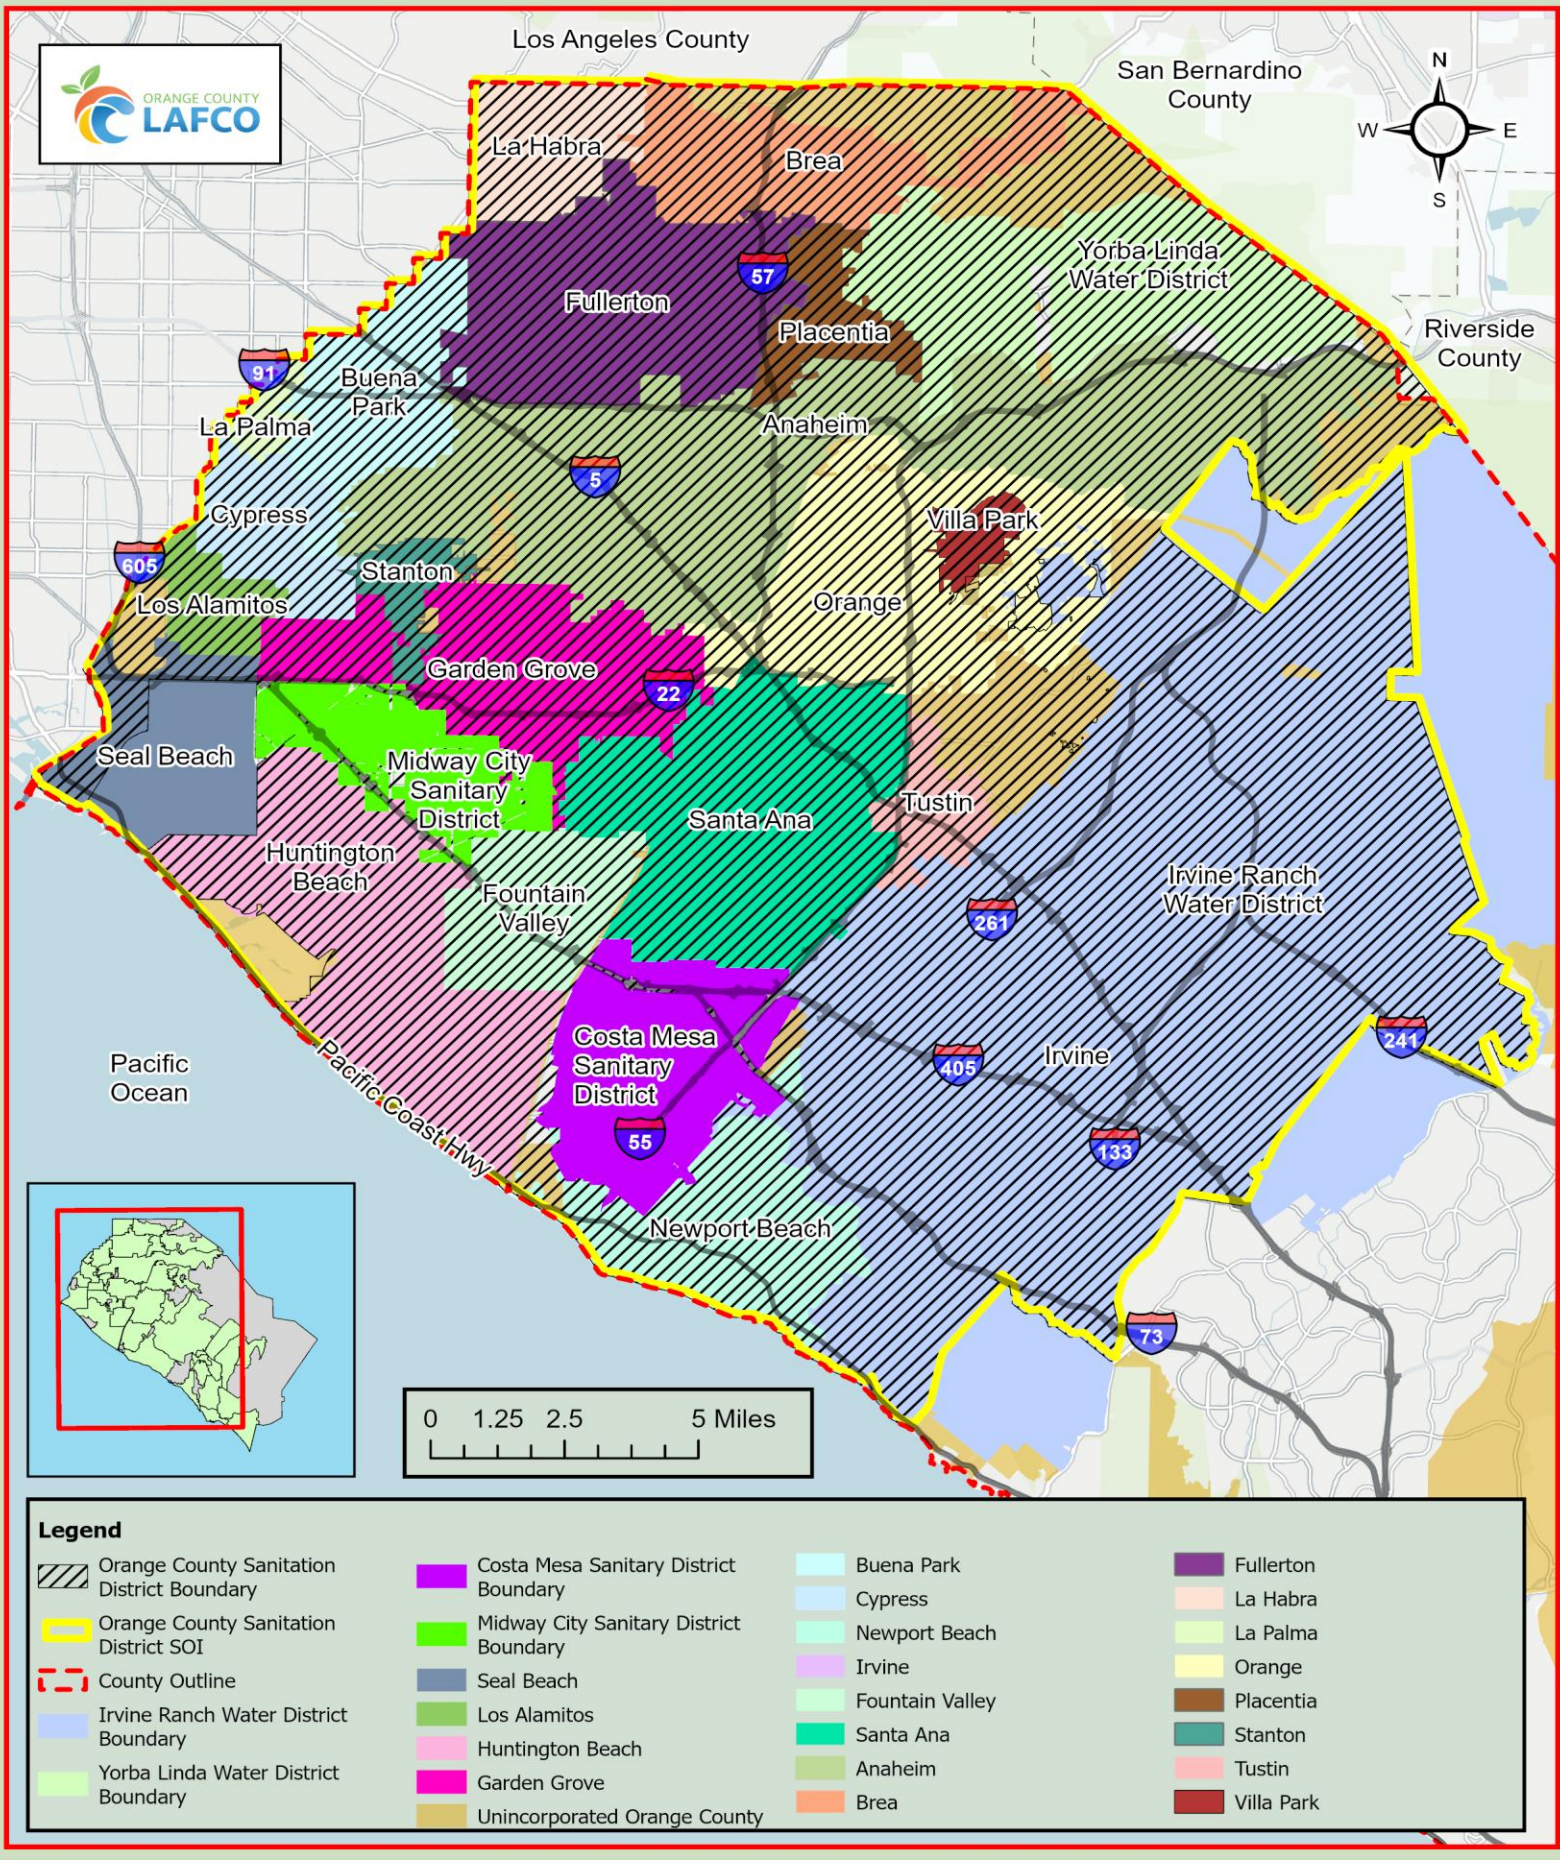

Orange County Sanitation District	
Formation Date	June 11, 1998
Principal Act	Sanitary District Act of 1923
Address	18480 Bandilier Circle, Fountain Valley, CA 92708

SOUTH ORANGE COUNTY WASTEWATER AUTHORITY

The South Orange County Wastewater Authority (SOCWA) was established in 2001 through the consolidation of three existing joint powers authorities (JPAs): the Aliso Water Management Authority (AWMA), the Southeast Regional Reclamation Authority (SERRA), and the South Orange County Reclamation Authority (SOCRA). The predecessor JPAs were formed in the 1970s after the enactment of the Federal Clean Water Act to facilitate regional cooperation among local agencies in developing wastewater treatment facilities and related infrastructure.

Today, SOCWA provides regional wastewater treatment and disposal services on behalf of its member agencies. The Authority operates three wastewater treatment facilities and provides permitting and regulatory support necessary for the operation of these facilities in accordance with applicable requirements.

A six-member Board of Directors governs SOCWA, with one director appointed by each member agency. The Board is responsible for carrying out the Authority's mission while balancing the interests of its member agencies.

Agency Profile

IV. CITY AND SPECIAL DISTRICT PROFILES

Cities and special districts provide water and wastewater services directly within their service boundaries throughout Orange County. Cities and special districts may provide water services, wastewater services, or both depending on the agency and the area it serves. Their responsibilities generally include operating and maintaining local water and wastewater infrastructure and providing water and wastewater services directly to residents and businesses.

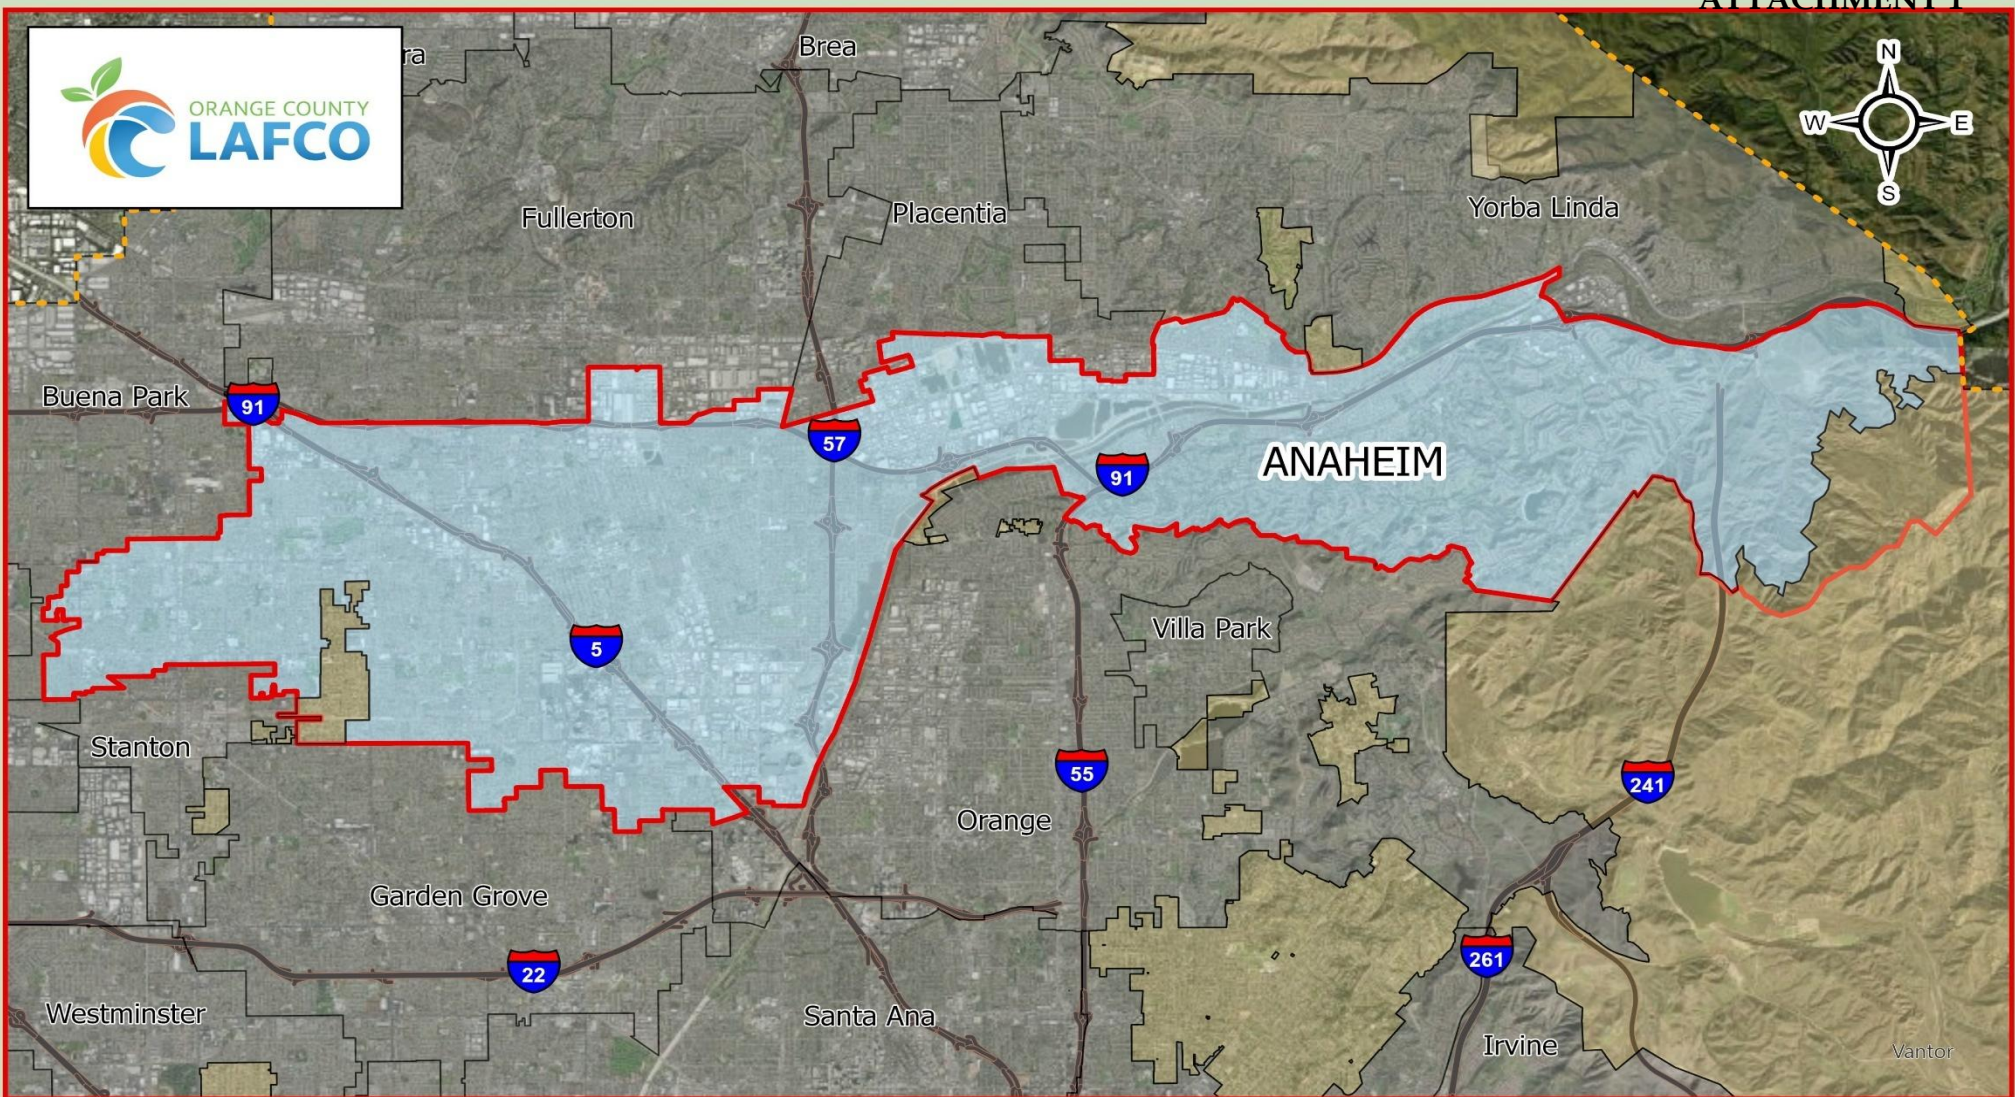

The following agency profiles describe the cities and special districts that provide water services, wastewater services, or both within the County. Each profile summarizes the agency's governance, service area, communities served, water and wastewater responsibilities, regional water and wastewater providers, and key system characteristics. The applicable agency profile identifies cities that receive water or wastewater services, in whole or in part, from a special district or private provider.

CITY OF ANAHEIM

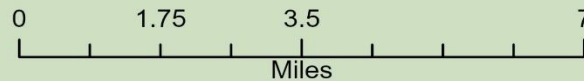

The City of Anaheim owns and operates its municipal water and wastewater systems, providing water and wastewater services to residents and businesses throughout the city and the unincorporated Southwest Island. The City's water supply consists of groundwater managed by OCWD and imported water purchased directly from MWD. The City operates and maintains its local wastewater collection system, while wastewater is conveyed to OC San for regional treatment. The City of Anaheim serves approximately 328,580 residents within its 50.87-square-mile service area, including 10,025 residents residing in the unincorporated areas within the City's sphere of influence.

CITY OF BREA

The City of Brea owns and operates its municipal water and wastewater systems, providing water and wastewater services to residents and businesses throughout portions of the city. Portions of the City are served by Yorba Linda Water District for water and wastewater services. The City's water supply consists of groundwater managed by the California Domestic Water Company and imported water purchased through MWDOC. The City operates and maintains its local wastewater collection system, while wastewater is conveyed to OC San for regional treatment. The City of Brea serves approximately 47,900 residents within its 12.24 square-mile service area, including 27 residents residing in the unincorporated areas within the City's sphere of influence.

MOULTON NIGUEL WATER DISTRICT

Moulton Niguel Water District (MNWD) owns and operates its municipal water and wastewater systems, providing water and wastewater services throughout the Cities of Aliso Viejo and Laguna Niguel, portions of the Cities of Laguna Hills, Mission Viejo, Dana Point, and San Juan Capistrano, as well as portions of unincorporated Orange County. The District's water supply consists of imported water purchased through MWDOC and operates water recycling plants to produce recycled water. The District operates and maintains its local wastewater collection system, and wastewater is treated at the District's two wastewater treatment plants. MNWD also contracts with SOCWA agencies for capacity and wastewater treatment. MNWD serves approximately 170,167 residents within its 36.83 square-mile service area.

Agency Profile

Moulton Niguel Water District	
Formation Date	1960
Principal Act	California Water District Law, Division 13 of the Water Code of the State of California, commencing with Section 34000
Address	26161 Gordon Road, Laguna Hills, CA 92653
Phone	(949)-831-2500
Website	www.mnwd.com
Governance	Seven-member Board of Directors elected at large
Service Area	36.83 square miles
Communities Served	Aliso Viejo, Laguna Niguel, portion of Laguna Hills, Mission Viejo, Dana Point, and San Juan Capistrano
Population Served	170,167
Water Information	
Regional Water	Municipal Water District of Orange County
Water Connections	55,013
Miles of Water Infrastructure	Approximately 655 miles of potable water distribution pipelines and 140 miles of recycled water mainlines
Wastewater Information	
Regional Sanitation	Moulton Niguel Water District; SOCWA under contract for remaining wastewater flows
Miles of Infrastructure	Approximately 502 miles (488 miles of gravity sewers and 14 miles of force mains)

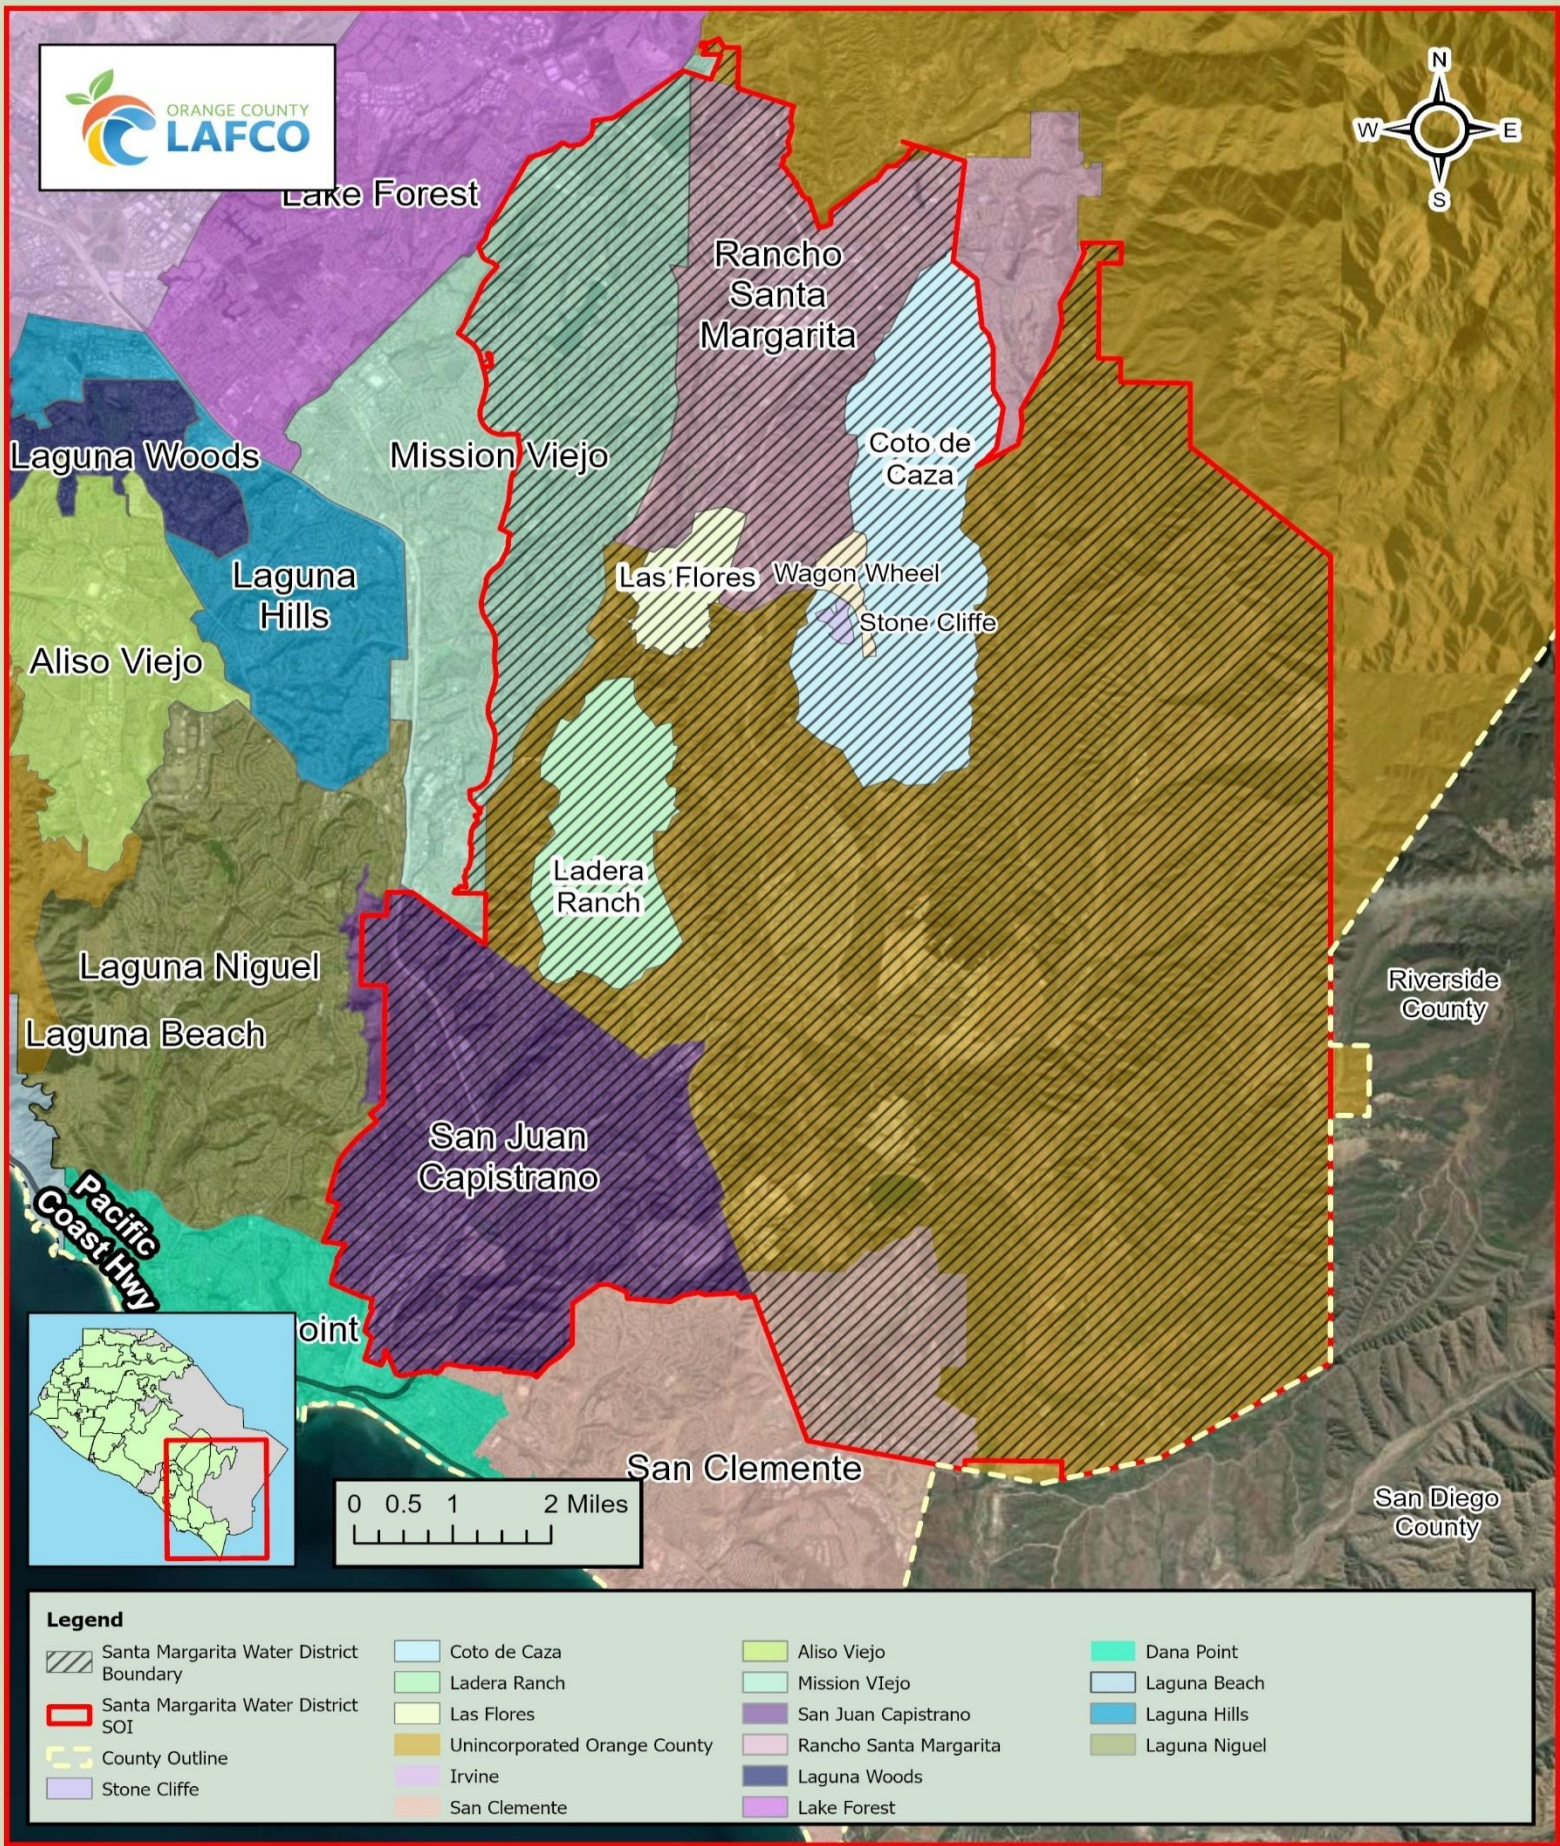

SANTA MARGARITA WATER DISTRICT

Santa Margarita Water District (SMWD) owns and operates its municipal water and wastewater systems, providing water and wastewater services to residents and businesses throughout portions of the Cities of Mission Viejo, Rancho Santa Margarita, San Clemente, and San Juan Capistrano, as well as the unincorporated south Orange County communities of Coto de Caza, Ladera Ranch, Las Flores, Rancho Mission Viejo, Stone Cliffe, Wagon Wheel, and Talega. The District's water supplies consist of imported water purchased through MWDOC and recycling water produced by the District's recycling plants. SMWD operates and maintains its local wastewater collection system, while wastewater is conveyed to SOCWA for regional treatment. SMWD serves approximately 207,000 residents within its 97.9 square-mile service area.

Agency Profile

Santa Margarita Water District	
Formation Date	1964
Principal Act	California Water District Law, Division 13 of the Water Code of the State of California, commencing with Section 34000
Address	26111 Antonio Parkway, Rancho Santa Margarita, CA 92688
Phone	(949)-459-6420
Website	www.smwd.com
Governance	Five-member Board of Directors elected at large to four year terms
Service Area	97.9 square miles
Communities Served	Portions of Mission Viejo, Rancho Santa Margarita, San Clemente, and San Juan Capistrano, unincorporated south Orange County communities of Coto de Caza, Ladera Ranch, Las Flores, Rancho Mission Viejo, Stone Cliffe, Wagon Wheel, and Talega.
Population Served	207,000 residents
Water Information	
Regional Water	Municipal Water District of Orange County
Water Connections	54,214 domestic and 1,534 recycled water connections
Miles of Water Infrastructure	626 miles of potable water mains and 129 miles of recycled water mains
Wastewater Information	
Regional Sanitation	Santa Margarita Water District; SOCWA for additional treatment at the J.B. Latham Treatment Plant
Miles of Infrastructure	655 miles of wastewater pipeline

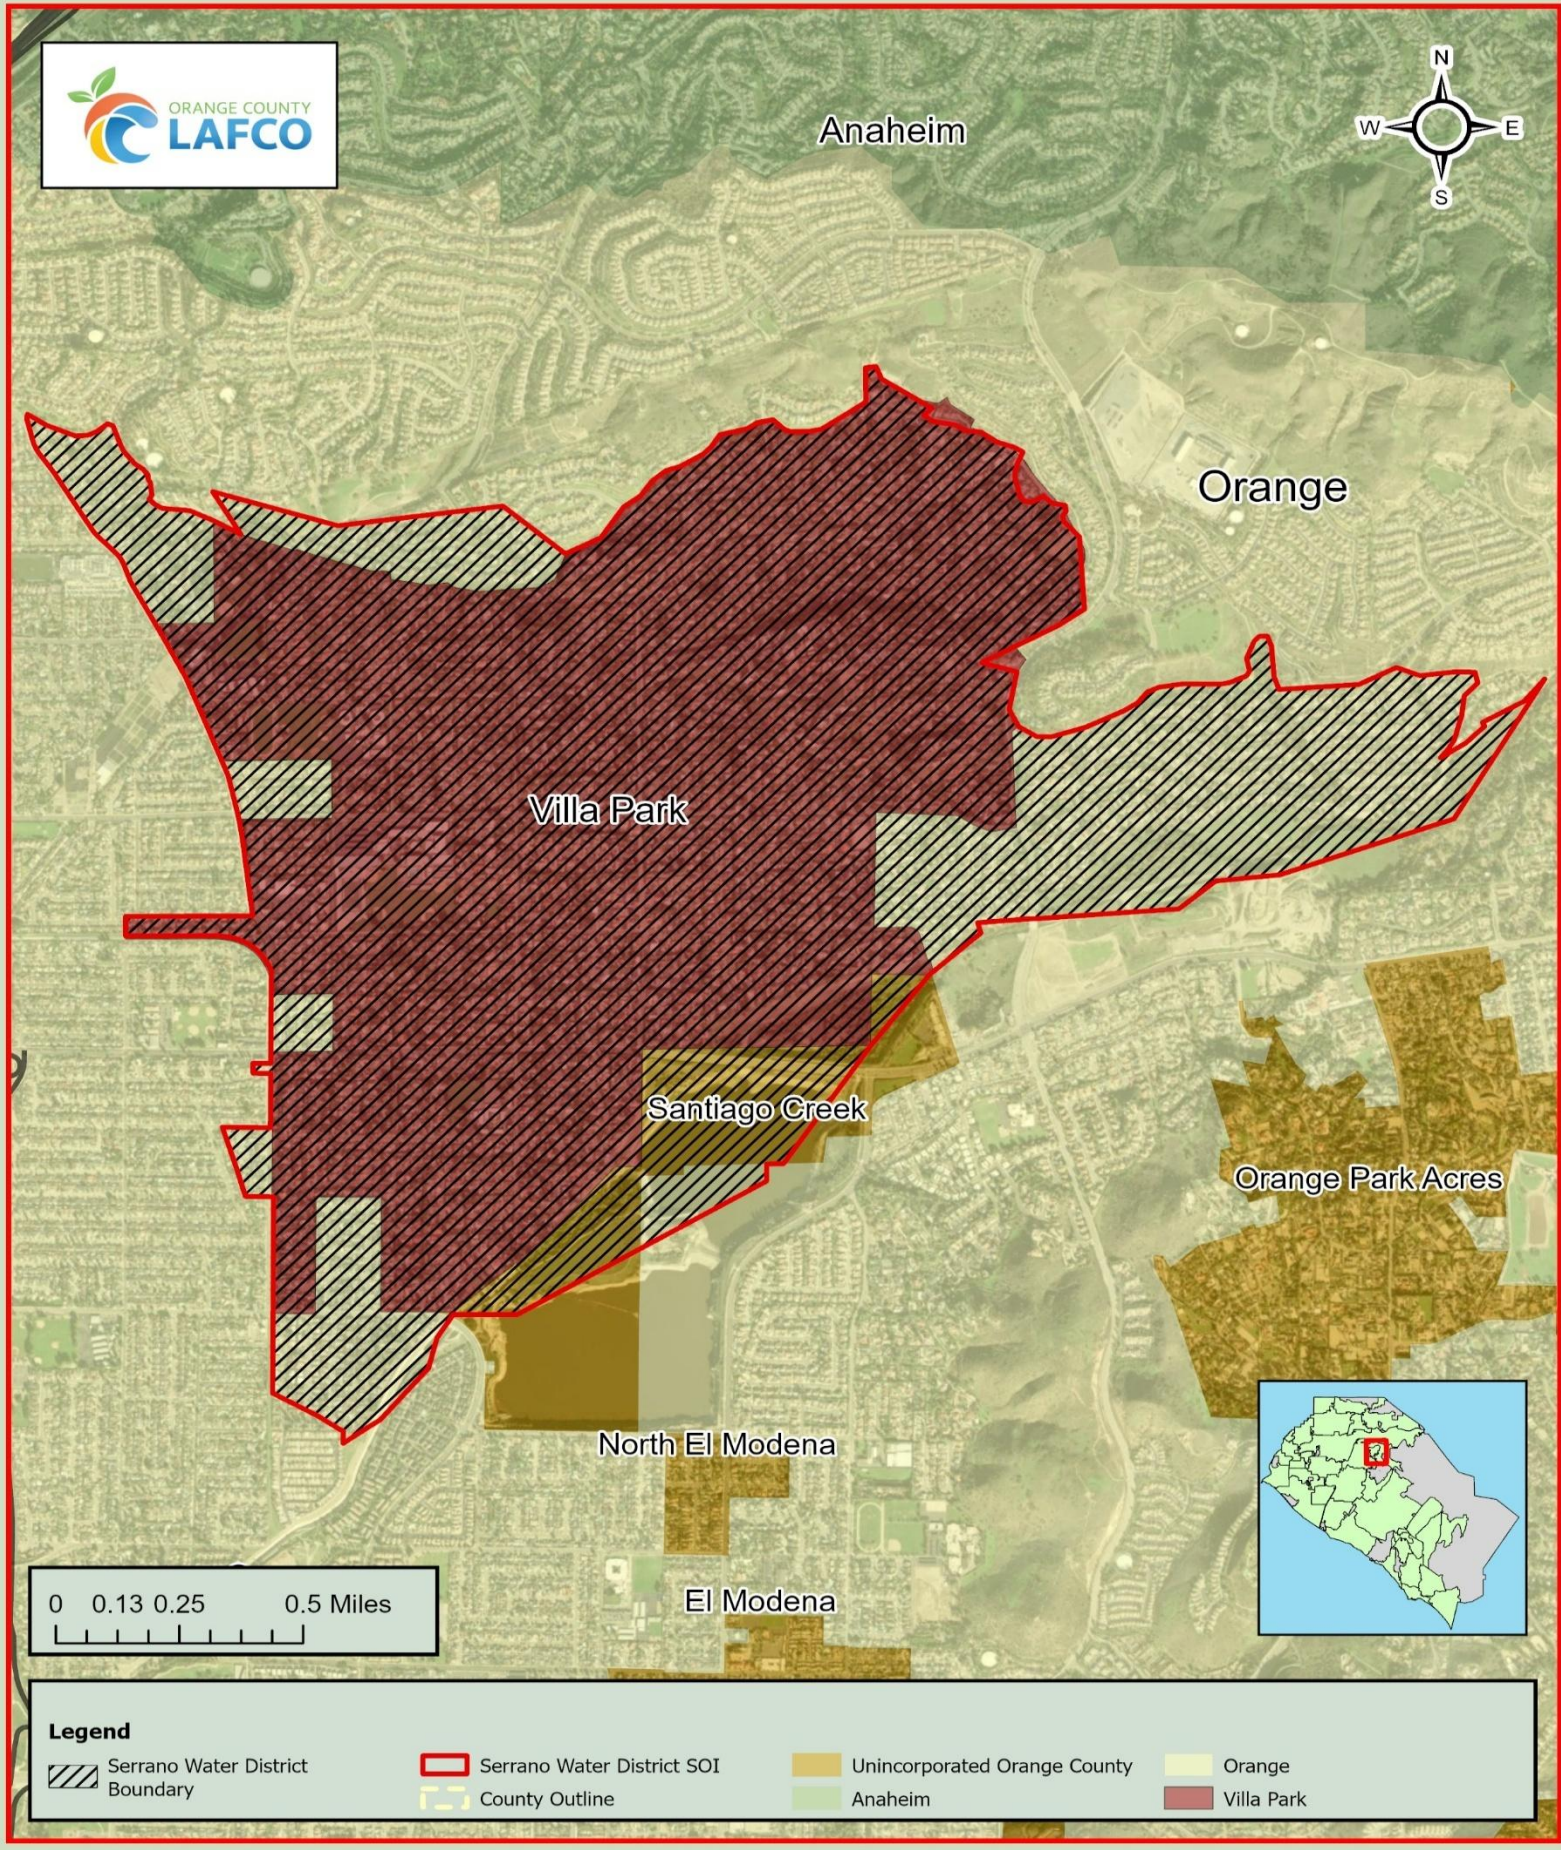

SERRANO WATER DISTRICT

Serrano Water District owns and operates its municipal water system, providing water service to residents and businesses throughout the City of Villa Park, portions of the City of Orange, and portions of the unincorporated Santiago Creek Island. The District's water supply consists of groundwater managed by OCWD and imported water purchased through MWDOC. Serrano Water District serves approximately 10,351 residents within its 2.99 square-mile service area.

Agency Profile

Serrano Water District	
Formation Date	1927
Principal Act	Irrigation District Law of 1911
Address	18021 Lincoln Street, Villa Park, CA 92861

Governance	Five-member Board of Directors; elected at large to staggered four-year terms
Service Area	More than 4,000 acres
Communities Served	City of Los Alamitos; unincorporated Rossmoor; and portions of Seal Beach, Cypress, and Long Beach
Population Served	Approximately 25,000
Wastewater Information	
Regional Sanitation	Orange County Sanitation District
Miles of Sewer Infrastructure	Approximately 54 miles
Lift Stations	0 pump stations

V. PRIVATE WATER PROVIDERS

GOLDEN STATE WATER COMPANY (GSWC)

Golden State Water Company (GSWC) is an investor-owned public utility company, providing water services to customers throughout the Cities of Cypress, Los Alamitos, and Placentia, portions of the Cities of Anaheim, Garden Grove, Orange, Seal Beach, and Yorba Linda, as well as the unincorporated Katella/Rustic and Mac/Syracuse Islands. GSWC is regulated by the California Public Utilities Commission and operates water distribution systems within its service areas. GSWC's water supply consists of groundwater managed by OCWD and imported water purchased through MWDOC. GSWC does not provide wastewater collection or treatment services.

Profile

Golden State Water Company	
Address	630 E. Foothill Blvd., San Dimas, CA 91773
Phone	(909) 394-2272
Website	www.gswater.com
Service Area	10.07 square miles
Water Information	
Communities Served in Orange County	Cities of Cypress, Stanton, Los Alamitos, and portions of Seal Beach, Garden Grove, and La Palma
Wholesale Water	Municipal Water District of Orange County
Groundwater	Orange County Water District
Number of Water Connections	27,643

MUTUAL WATER COMPANIES

Mutual water companies (MWCs) are privately owned water providers that serve defined groups of property owners or customers within relatively small service areas. MWCs provide water services to residential, commercial, or other customers and are generally owned and operated for the benefit of their members or shareholders rather than governed as public agencies.

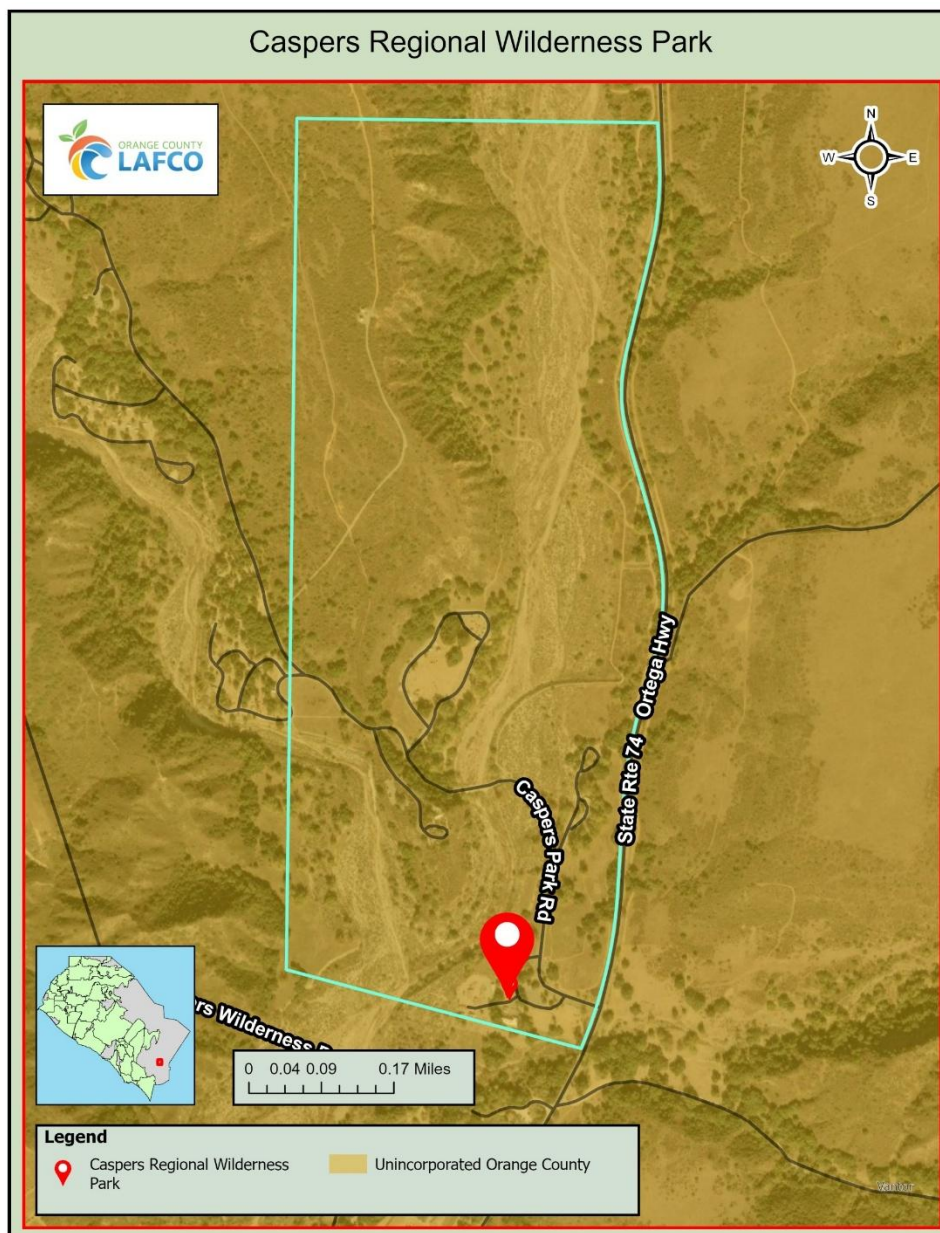

In Orange County, MWCs serve defined areas within or surrounded by cities or special districts. MWC service areas vary considerably in size and may operate independently or have connections to nearby public or private water providers. Unlike cities and special districts, LAFCO does not have jurisdictional oversight of MWCs. MWC water systems are privately owned and operated, and are subject to applicable drinking water regulations and oversight by the California State Water Resources Control Board.

The following section provides profiles on MWCs within the County. Each profile summarizes the MWCs water systems, wastewater systems, or both, their service area, communities served, and key system characteristics, followed by a map displaying the location of each MWC.

CANYON RV PARK (CANYON)	
Type of Public Water System	Transient non-community water system
Service Area	Approximately 0.1 square miles located north of the 91 Riverside Freeway at the Gypsum Canyon Road Exit. The Park's service area consists of a recreational vehicles (RV) park and campground, which is divided into East End, West End, and Youth Area. These three sections are within a 795-acre regional park, the Featherly Regional Park.
Customers Served	Estimated population of 24 people
Water Information	
Water Supply	Well No. 2
Number of Water Connections	26 unmetered connections, 15 of which are irrigation connections.
Wastewater Information	
Sewer Service	Septic tank system.

CASPERS REGIONAL WILDERNESS PARK (PARK)	
Type of Public Water System	Transient non-community water system
Service Area	Approximately 3 square miles within a 7,600-acre area of protected wildlife, vegetation, and geologic features designated as Caspers Regional Wilderness Park (a.k.a. Ronald W. Caspers Wilderness Park). The water system service area consists of the Ortega Campground, the Park Office along with the Visitor's Center, the San Juan Meadow Group Area, the Live Oak Grove Campground, the Starr Mesa Equestrian Campground, the Owl/Quail Picnic Area, the Equestrian Day use Area, and the Old Corral Picnic Area. The Caspers' service area is located entirely in the Cleveland National Forest.
Customers Served	Estimated transient population of 239 staff/personnel
Water Information	
Water Supply	Well No. 2
Number of Water Connections	1 metered connection
Wastewater Information	
Sewer Service	Septic tank system.

CRESCENT WATER ASSOCIATION			
Type of Public Water System	Transient non-community water system		
Service Area	Approximately 6 acres located in the eastern region of the City of Anaheim. The Association's service area consists of a church, auditorium, 2 buildings, offices, play area, and a parking lot.		
Customers Served	Approximately 25 staff or personnel		
Water Information			
Water Supply	Well No. 1 (Emergency connection to the City of Anaheim)		
Number of Water Connections	1 metered connection		
Wastewater Information			
Regional Sanitation	City of Anaheim in conjunction with Orange County Sanitation District		

EASTSIDE WATER ASSOCIATION	
Type of Public Water System	Community water system
Service Area	Unincorporated area surrounded by the City of Westminster, bounded by Hazard Avenue to the north, Bolsa Avenue to the south, Newland Street to the east, and Monroe Street to the west. The Association also serves two properties on Legion Place west of Monroe Street and the properties on Roosevelt Avenue between Monroe Street and Beach Boulevard.
Customers Served	Approximately 2,000 residents
Water Information	
Water Supply	Well No. 4 (Emergency connection to the City of Westminster)
Number of Water Connections	333 unmetered connections (285 Single-Family Residential, 31 Multi-Family Residential, 16 Commercial or Institutional, and 1 Industrial)
Wastewater Information	
Sewer Service	Midway City Sanitation District provides sewer service.

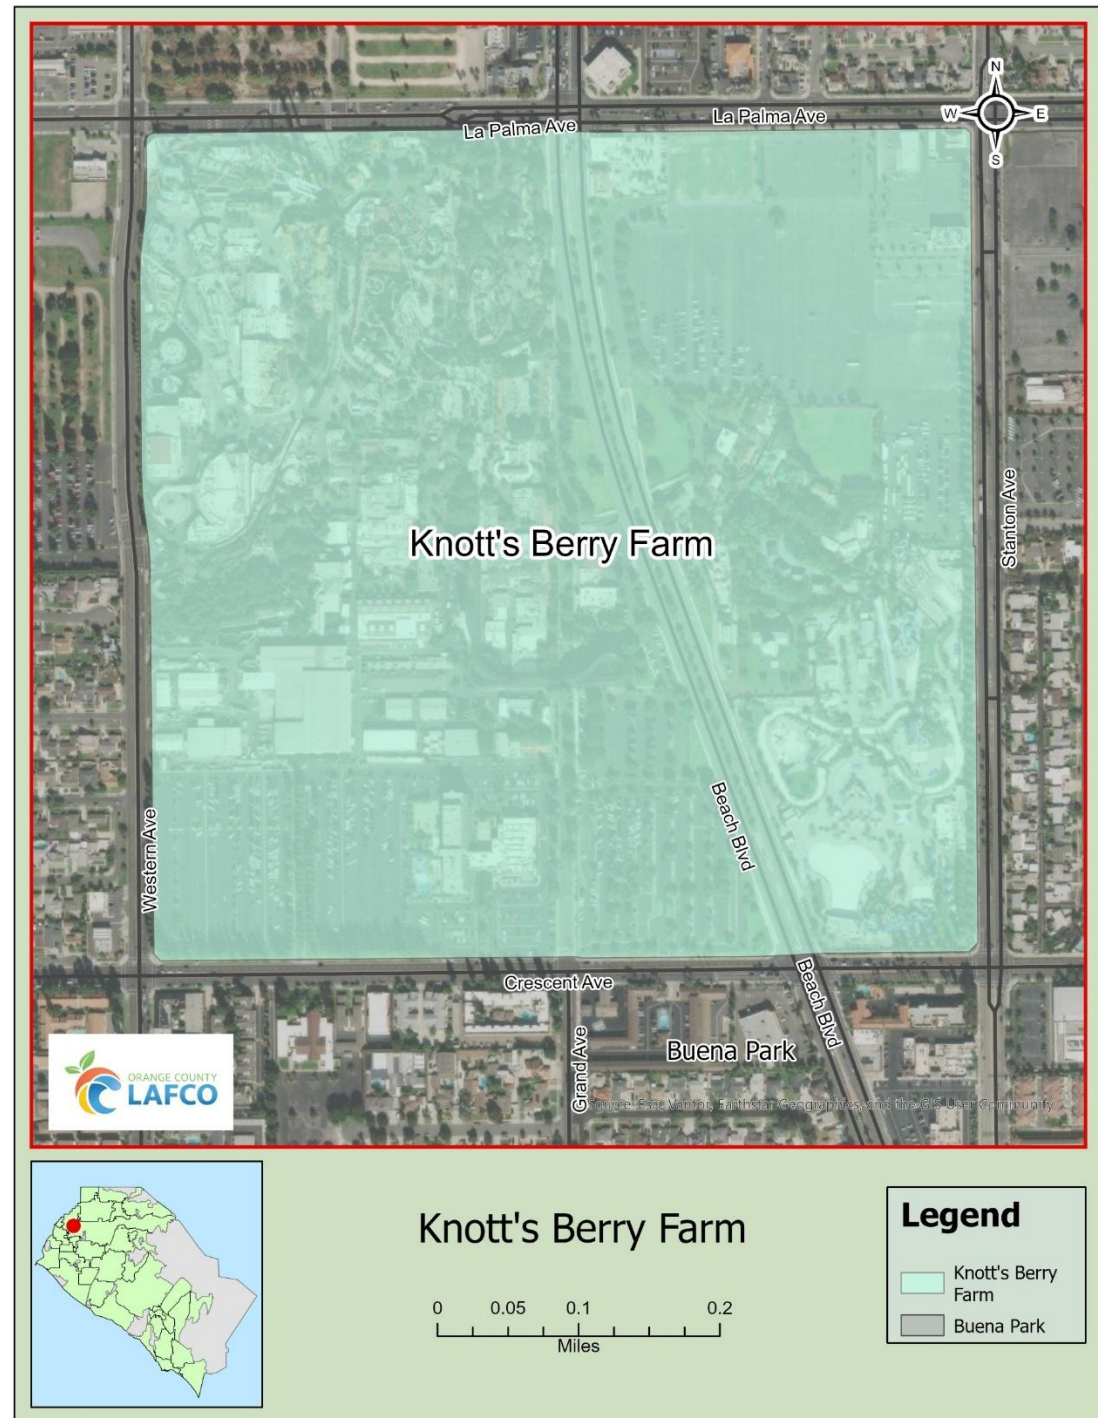

HYNES ESTATES MUTUAL WATER COMPANY	
Type of Public Water System	Community water system
Service Area	Unincorporated area surrounded by the Cities of Stanton and Garden Grove, bounded by Orangewood Avenue to the north, Crager Lane to the south, Beach Boulevard to the west, and Jane Way, a private road running parallel to Nearing Drive to the east.
Customers Served	Approximately 168 residents
Water Information	
Water Supply	Well No. 1 and Well No. 2 (Emergency connection to Golden State Water Company-West Orange System)
Number of Water Connections	42 unmetered connections (42 Single-Family Residential)
Wastewater Information	
Sewer Service	Sewer service could not be verified.

HOUSTON AVENUE WATER COMPANY		
Type of Public Water System	State Small Water System	
Service Area	Owned and operated by an absentee landlord, the system serves residents around the well site at 9421 Houston Avenue in an unincorporated county pocket surrounded by the City of Anaheim, south of State Route 91 between Braeburn and Gilbert Streets. The system serves 13 individual rental units.	
Customers Served	Estimated 28 full-time residents	
Water Information		
Water Supply	Single well (No emergency connection to a neighboring water system)	
Number of Water Connections	13 unmetered service connections	
Wastewater Information		
Sewer Service	City of Anaheim	

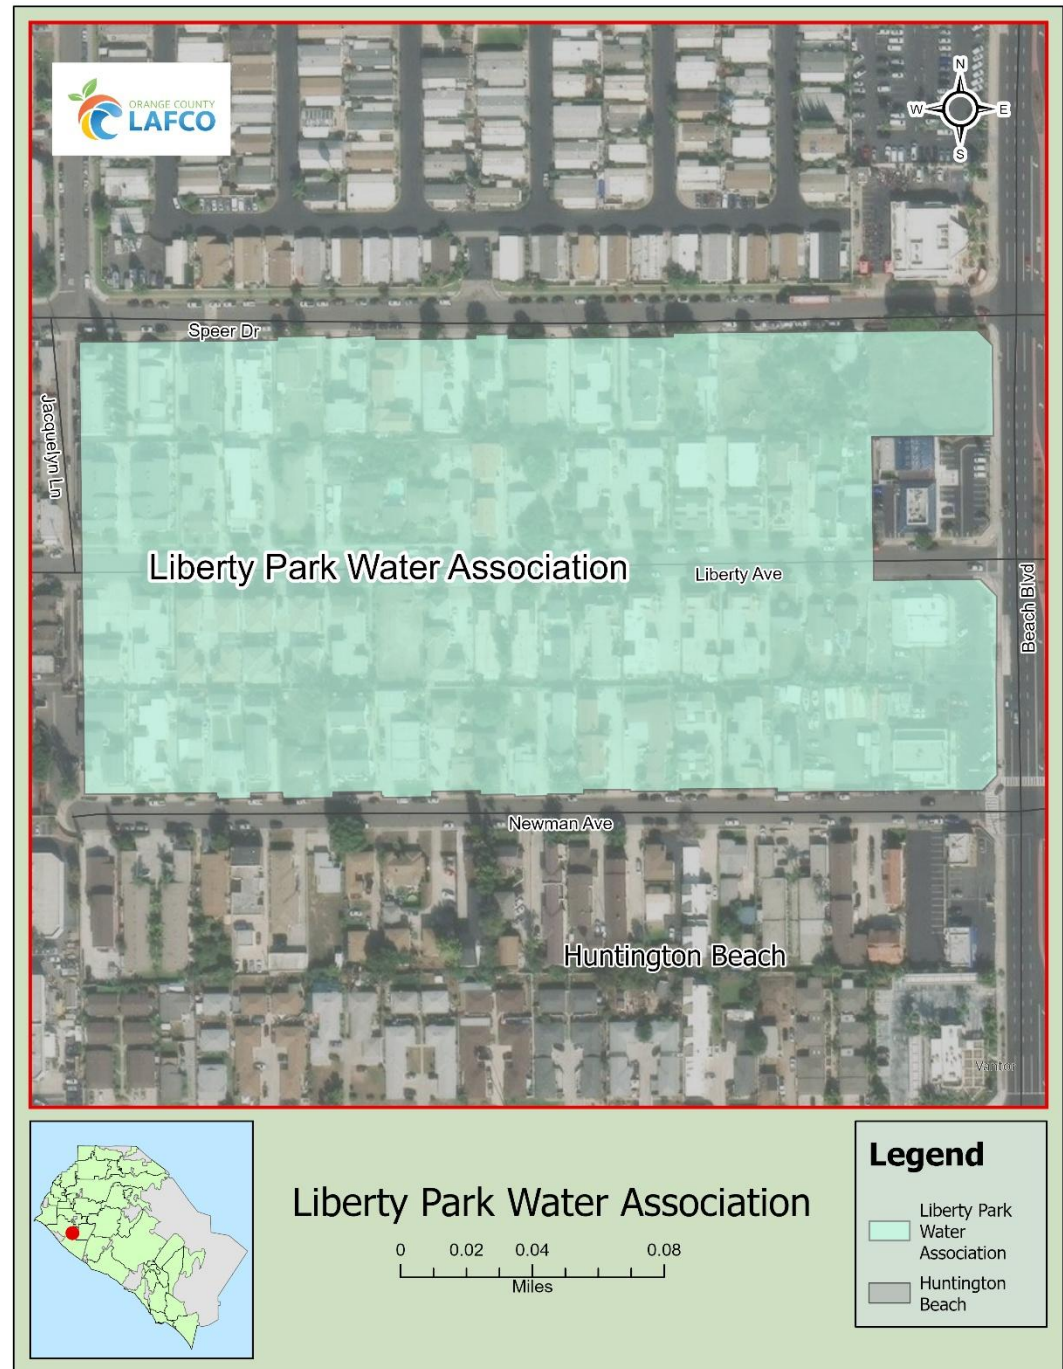

KNOTT'S BERRY FARM	
Type of Public Water System	Non-transient non-community water system
Service Area	Knott's Berry Farm Amusement Park and Soak City Water Park. The amusement park is approximately 160 acres, and the water park is approximately 13 acres.
Customers Served	3,000 employees and an average of 10,000 patrons daily
Water Information	
Water Supply	Backstage Well
Number of Water Connections	13 metered connections
Wastewater Information	
Sewer Service	Orange County Sanitation District

LAZY W RANCH WATER SYSTEM	
Type of Public Water System	Transient Non-community Water System
Service Area	Privately owned and operated by the California-Pacific Annual Conference of the United Methodist Church. The approximately 40 acre service area contains 30 buildings and one campsite and is located entirely within the Cleveland National Forest.
Customers Served	Estimated transient population of approximately 58 staff or personnel
Water Information	
Water Supply	Well No. 1, with a pumping capacity of 28 gallons per minute (No emergency connection)
Number of Water Connections	1 metered service connection
Wastewater Information	
Wastewater System	Septic tank system

LIBERTY PARK WATER ASSOCIATION	
Type of Public Water System	Community Water System
Service Area	Unincorporated area surrounded by the City of Huntington Beach, bounded by Speer Avenue to the north, Newman Avenue to the south, Jacquelyn Lane to the west, and Beach Boulevard to the east.
Customers Served	Approximately 95 residents
Water Information	
Water Supply	Well No. 1 (No emergency connection to a neighboring water system)
Number of Water Connections	30 unmetered connections (22 Single-Family Residential, 6 Multiple-Family Residential, and 2 Commercial)
Wastewater Information	
Regional Sanitation	Orange County Sanitation District

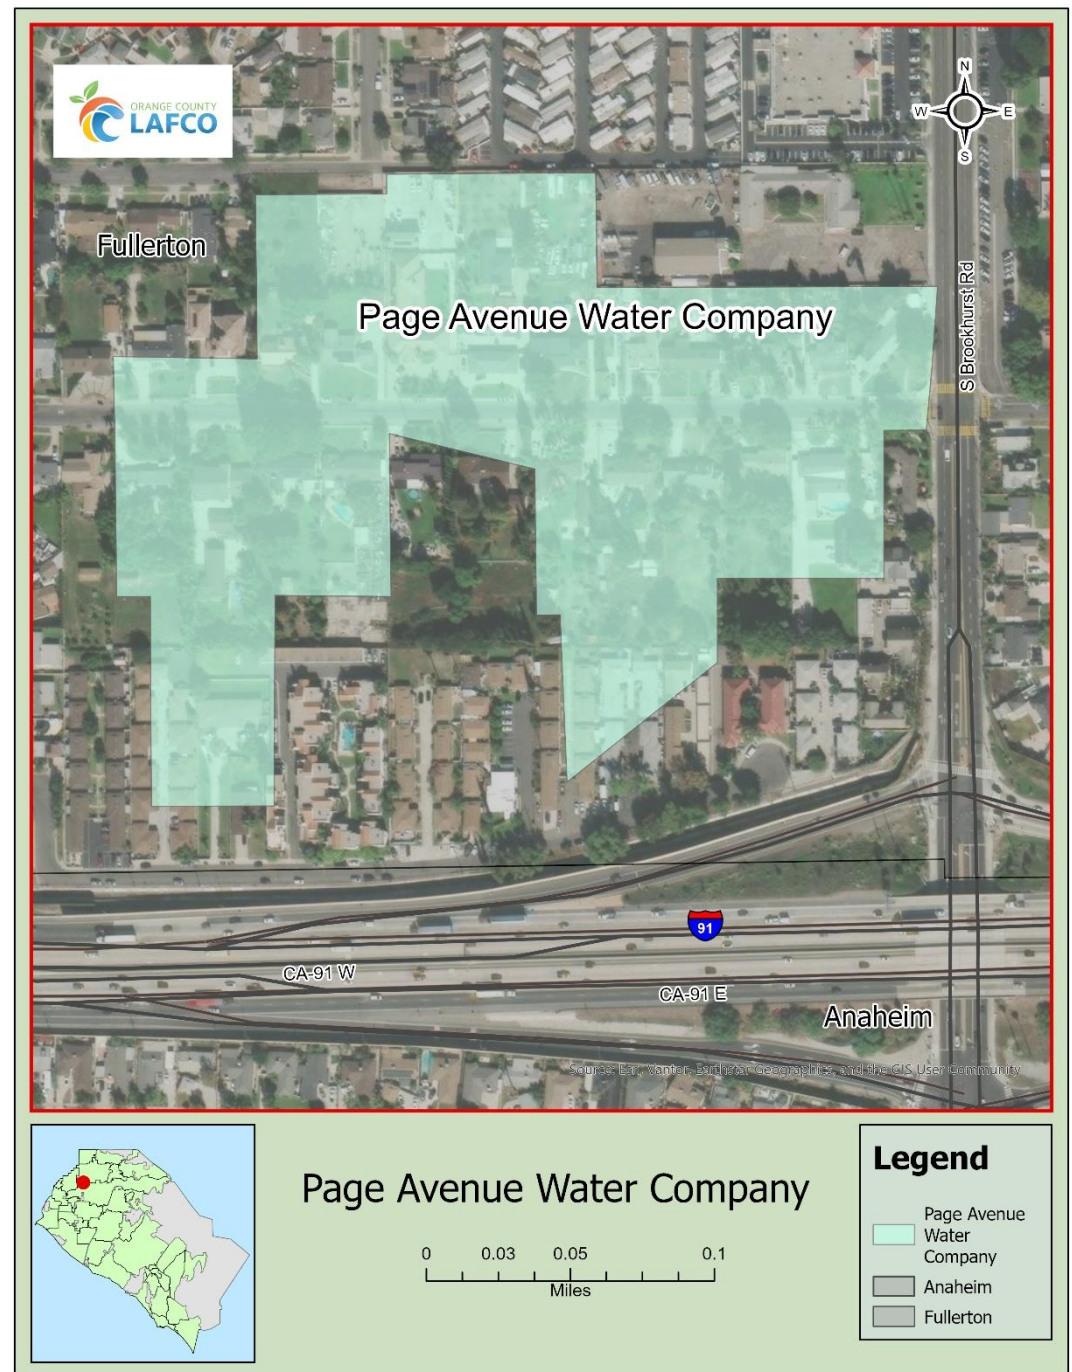

LOS ALAMITOS RACE COURSE (ALAMITOS)	
Type of Public Water System	Non-transient non-community water system
Service Area	Alamitos' service area, a horse racing facility, is bounded by Cerritos Avenue in the south, and by the Cypress Golf Club and Katella Avenue in the south. Its west and east borders extend to Lexington Drive and Walker Street, respectively.
Customers Served	Approximately 1,600 customers, and 97 horse barns, one grandstand, and one administration building.
Water Information	
Water Supply	Well No. 1 (Emergency connection to Golden State Water Company – West Orange System)
Number of Water Connections	N/A
Wastewater Information	
Sewer Service	Orange County Sanitation District

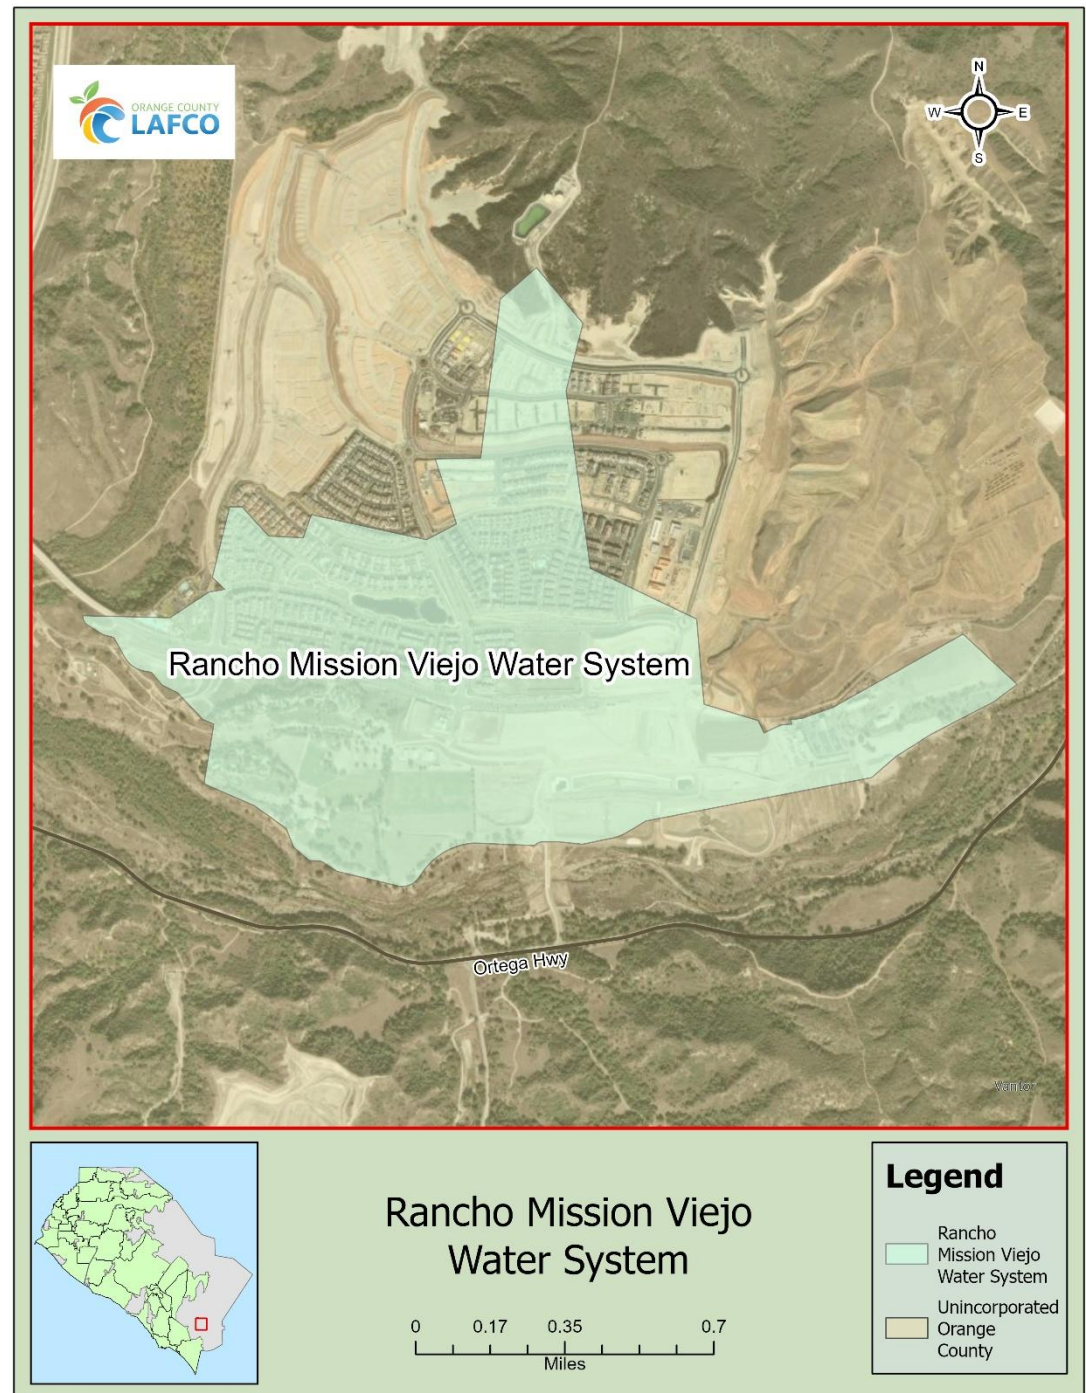

MIDWAY CITY MUTUAL WATER COMPANY	
Type of Public Water System	Community Water System
Service Area	Unincorporated area surrounded by the City of Westminster, bounded by Roosevelt Avenue, Monroe Street, Bolsa Avenue, and Beach Boulevard.
Customers Served	Approximately 1,305 residents
Water Information	
Water Supply	Well No. 2 (Interconnection with Eastside Water Association; no emergency connection to the City of Westminster)
Number of Water Connections	198 unmetered connections (76 Single-Family Residential, 101 Multi-Family Residential, and 21 Commercial or Institutional)
Wastewater Information	
Regional Sanitation	Midway City Sanitary District in conjunction with Orange County Sanitation District

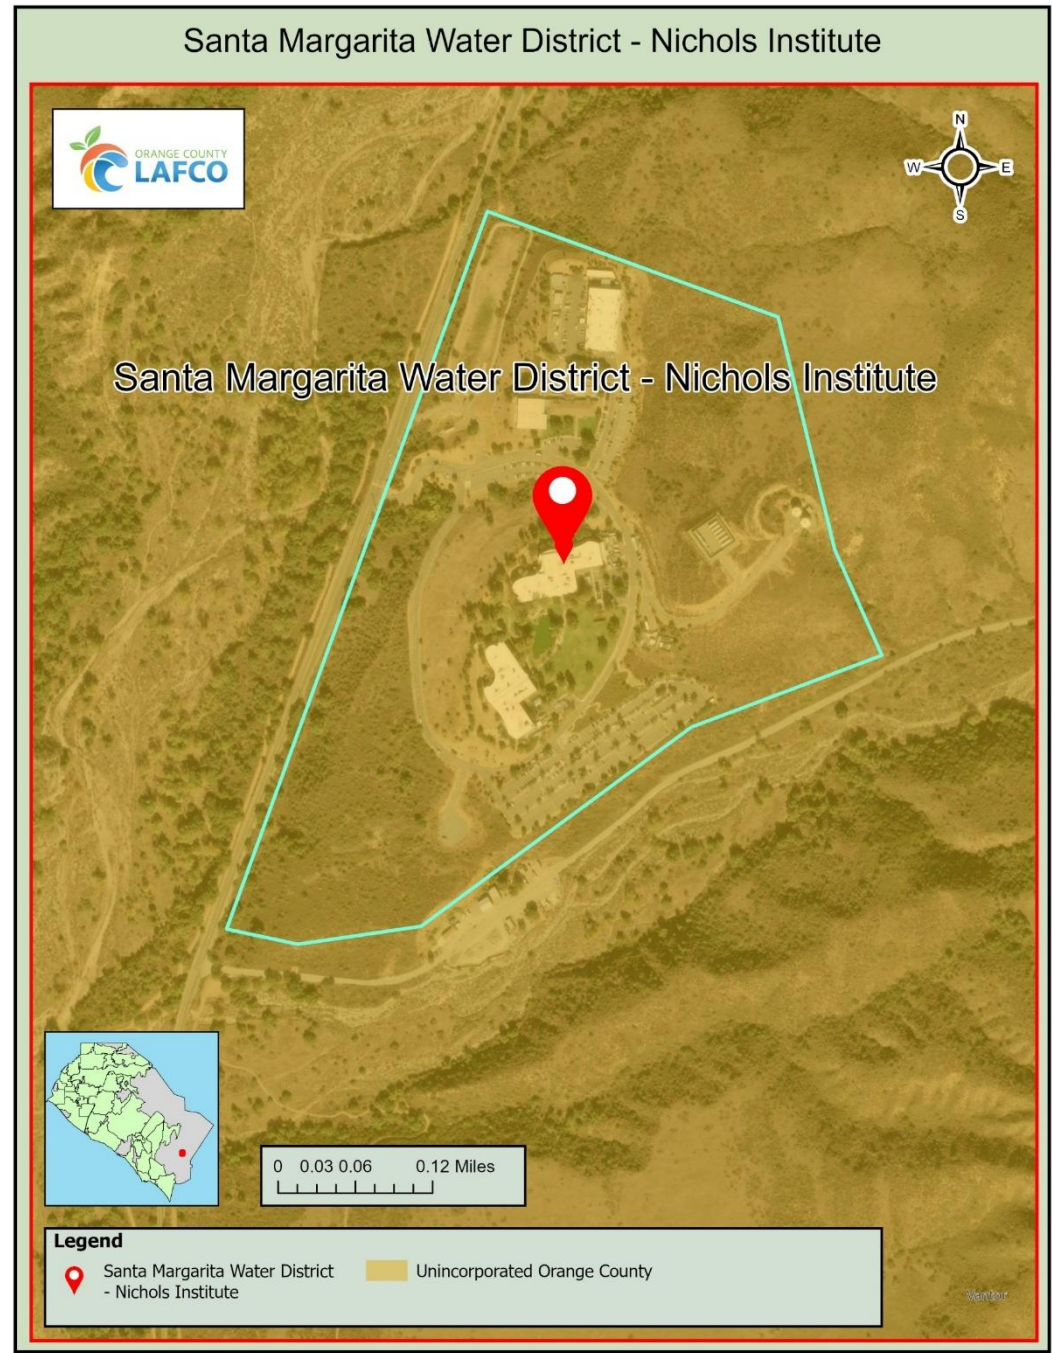

PAGE AVENUE MUTUAL WATER COMPANY	
Type of Public Water System	Community Water System
Service Area	Unincorporated area surrounded by the City of Fullerton, bounded by Baker Avenue to the north, Brookhurst Street to the east, State Route 91 to the south, and Roberta Avenue to the west.
Customers Served	Approximately 119 residents
Water Information	
Water Supply	Well No. 1 (2-inch emergency connection with the City of Fullerton)
Number of Water Connections	36 metered connections (30 Single-Family Residential, 5 Multiple-Family Residential, and 1 Commercial)
Wastewater Information	
Regional Sanitation	City of Fullerton in conjunction with Orange County Sanitation District

RANCHO MISSION VIEJO WATER SYSTEM	
Type of Public Water System	Community Water System
Service Area	Owned by Rancho Mission Viejo, LLC, with Santa Margarita Water District acting solely as the agent for operation, maintenance, monitoring, and administration. The service area includes 14 residential dwelling units, one commercial nursery, one industrial use, and one agricultural use within a large, unincorporated area near Rancho Santa Margarita, Mission Viejo, San Juan Capistrano, and San Clemente.
Customers Served	Approximately 25 residents, 20 additional nursery workers, and 6 industrial workers.
Water Information	
Water Supply	Well No. 7 (No permanent emergency connection; a temporary connection to the South County Pipeline can be established in an emergency)
Number of Water Connections	N/A
Wastewater Information	
Wastewater System	Septic system

SANTA MARGARITA WATER DISTRICT – NICHOLS INSTITUTE WATER SYSTEM	
Type of Public Water System	Non-transient Non-community Water System
Service Area	Single-customer system owned by Quest Diagnostics, formerly Nichols Institute, at 33608 Ortega Highway in an unincorporated area near Rancho Santa Margarita, Mission Viejo, San Juan Capistrano, and San Clemente. Santa Margarita Water District acts solely as the agent for the system's operation, maintenance, monitoring, and administrative functions.
Customers Served	One customer, Quest Diagnostics, with approximately 1,600 employees
Water Information	
Water Supply	Nichols Well, also known as Ortega Well No. 3. At the time of the fact sheet, the well was offline and the Institute was receiving bottled water and hauled water from Santa Margarita Water District (No active or emergency connection)
Number of Water Connections	N/A
Wastewater Information	
Wastewater System	Private sewer system

SOUTH MIDWAY CITY MUTUAL WATER COMPANY	
Type of Public Water System	Community Water System
Service Area	Unincorporated area surrounded by the City of Westminster consisting of two sections in Midway City. Section 1 is bounded by Bolsa Avenue, Beach Boulevard, Bishop Avenue, and Van Buren Street. Section 2 is bounded by Bishop Avenue, Jackson Street, McFadden Avenue, and Van Buren Street.
Customers Served	Approximately 891 residents
Water Information	
Water Supply	North Well (Emergency connection to a neighboring water system)
Number of Water Connections	55 unmetered connections (14 Single-Family Residential, 14 Multi-Family Residential, and 27 Commercial or Institutional)
Wastewater Information	
Regional Sanitation	Midway City Sanitary District in conjunction with Orange County Sanitation District

General Counsel**MEETING DATE:** September 9, 2026**10c** | Commission
Discussion**TO:** Local Agency Formation Commission
of Orange County**FROM:** Executive Officer
Policy Analyst I**SUBJECT:** OC LAFCO Post-Municipal Service Review Survey**BACKGROUND**

In April 2025, the Commission approved the 2025-2028 Work Plan, which established four goals to guide OC LAFCO'S activities during the three-year period. One of the goals included in the Work Plan is "Improve the Municipal Service Review (MSR) Process for Future MSRs," a goal previously identified as part of the Commission's 2022-2025 Work Plan. As part of this goal, staff was directed to develop and distribute a post-MSR survey to agencies after they complete the MSR. The survey is intended to gather feedback on agencies' experiences with the MSR process and help the Commission and staff identify components that may warrant enhancement, as well as those that should be maintained.

Following completion of the North MSR Region, staff distributed the post-MSR survey to the agencies included in the report to gather feedback on their experiences with the MSR process. The agencies included in the MSR are the Cities of Brea, Fullerton, La Habra, Placentia, Yorba Linda, the Placentia Library District, and the Yorba Linda Water District. To date, all agencies included in the MSR received the post-MSR survey. The survey polled the agencies on the following:

1. Was your agency notified by OC LAFCO in advance of the MSR process commencing?
2. Did OC LAFCO provide regular or sufficient communication throughout the MSR process?
3. How many hours were required of your agency's staff during the MSR process (i.e., meetings, other communication with OC LAFCO, and other activities deemed)?
4. Overall, how would you rate the MSR process?

5. Please provide general comments here on the MSR process. Comments provided are intended to assist OC LAFCO in improving or sustaining components of the MSR process (optional).

The chart below provides a summary of the responses provided by the agencies:

<u><i>Post-MSR Survey Responses Summary</i></u>			
Agency	Agency Responses	MSR Completed	<i>Future MSR Date</i>
North MSR Region	- Notified in advance. - Sufficient communication provided. - Less than 20/more than 30 hours of staff time required. - Very/Mostly collaborative process. “Overall, the MSR process was smooth; RSG and OC LAFCO provided clarification when needed, and were quick in their responses. The Law Enforcement section of the MSR may benefit from additional consistency, such as the type of services provided/response times, rather than specific agency findings.” “Outstanding. Smooth.”	August 2026	2031

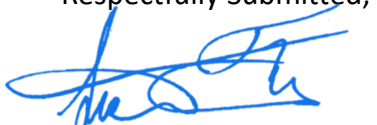

Next Steps

On August 12, staff distributed the survey to the North MSR Region agencies, with comments due by August 21, 2026. This review period is consistent with the timeline established in the Commission’s 2025-2028 Work Plan. The post-MSR survey will continue to serve as a useful tool for the Commission to receive direct feedback from cities and special districts regarding their experience with the MSR process, supporting one of OC LAFCO’S core statutory mandates. The responses will be used, where appropriate, to enhance components of the MSR process and maintain effective elements of the MSR process.

RECOMMENDED ACTION

This is a receive and file report and requires no action by the Commission.

Respectfully Submitted,

 LUIS TAPIA

 AIMEE DIAZ
